## England Charges Young's Reparations Plan Unfair

### REVISION OF PROPOSAL IS BEING URGED

France and Italy Opposing Move of Great Britain At The Hague Conclave IN SECRET SESSION

Germany Declares Ready to Accept American's Plan As Basis of Settlement

THE HAGUE, Aug. 7.—(UP)—Great Britain's campaign for a complete revision of the Young plan was assailed by other creditor powers at today's secret session of the international political and reparations conference, with the French and Italian delegates leading the assault.

Antonio Mosconi and Henri Cheron, finance ministers of Italy and France, ardently defended the Young plan as agreed to in Paris by the conference of reparations experts headed by the American, Owen D. Young, and asserted that the plan must be accepted as an indivisible whole or not at all.

Cheron was chosen by the French delegation to reply to charges made yesterday by Philip Snowden, British chancellor of the exchequer, that the Young plan was unfair to great Britain. The French finance minister set

### MOVIE ACTRESS TO WED CHICAGO HEIR

CHICAGO, Aug. 7.—(UP)—Edward Hillman Jr., son of the late Edward Hillman, State street merchant, and Marion Nixon movie actress, will wed August 14, Hillman announced today.

The couple obtained their license yesterday. Hillman gave his age as 28 and Miss Nixon said she was 24.

Hillman, who lives with his mother at a north side hotel, was divorced June 14, 1925, by Dorothy Martin Hillman, Evanston society girl, who left him four days after their marriage. Mrs. Hillman charged cruelty.

Miss Nixon is the divorced wife of Joe Benjamin, a boxer.

### Chicago Police Denied Right To Censor New Film

CHICAGO, Aug. 7.—(UP)—Chicago police were denied the right to censor "Alibi," a talking picture which portrays the evils of abuse of police powers, when Circuit Judge Fisher issued a temporary injunction preventing any interference with showing the film.

"Censorship should be used out of sheer necessity where the immorality and obscenity of a picture is clearly visible," Judge Fisher ruled. "Improper use of censorship is shown when police attack a picture only because it shows an abuse of their power for which they are generally criticized."

### Fred Stone Dances Jig, First In Year

BEVERLY HILLS, Calif., Aug. 7.—Fred Stone danced a brief jig today—the first time since he was injured in an airplane crash at New London, Conn., a year ago. "See, I'm good," he remarked. "It won't be long now. Then I'll be back on Broadway."

The world famous comedian and eccentric dancer came to California the other day with his wife and two daughters, Paula and Carol, to recuperate at the beautiful ranch of his life-long friend, Will Rogers, on the edge of the Pacific ocean here.

Although not fully recovered from his injuries which included both legs being broken, he is able to walk now without crutches or a cane.

### POLLARD WINS NOMINATION IN VIRGINIA VOTE

Battle Royal for Election To Governor Chair Is Being Looked For

RICHMOND, Va., Aug. 7.—(INS)—Virginia's political battle of the century, which is expected to reveal the degree of permanency of the Smith split in 1928, will be fought out between John Garland Pollard and Prof. William Mosely Brown, rival candidates for the governorship of the Old Dominion.

Pollard easily won the regular Democratic nomination in yesterday's state-wide primary, trebling the vote of his two rivals, G. Walter Mapp and Roosevelt Page. Prof. Brown is the candidate of the anti-Smith-Republican coalition, backed by Bishop James Cannon Jr., the militant foe of Smith's presidential candidacy.

The campaign is expected to get under way immediately, and it will be a battle royal right down the line until November.

Bishop Cannon and his continued influence in Virginia politics is at stake. Many political observers consider the aggressive bishop "the real issue." Cannon led the bolt last year which resulted in Virginia going Republican for the first time since Reconstruction days.

Despite the fact that both Pollard and Brown are dry, as were Mapp and Page, Bishop Cannon is asserting that prohibition is the issue in the oncoming governorship battle.

"Raskobism must go," declared the bishop on the eve of the balloting, calling upon all "loyal prohibitionists" to rally against the regular Democratic organization which supported Smith last November.

### 9 KILLED, 20 HURT IN WORKERS' RIOTS

CALCUTTA, India, Aug. 7.—(UP)—Nine persons have been killed and at least 20 injured in riots between 15,000 striking jute mill workers and workers who declined to walk out, it was revealed here today.

The strike affects most seriously the Gouropore mills. It is estimated that at least 200,000 employees are idle as a result of the strike and conditions are growing worse. Extra police have been drafted for duty in the jute mill areas.

### Equity, Producers' Delegates Confer For Fourth Time

HOLLYWOOD, Aug. 7.—(UP)—Representatives of the Motion Picture Producers' association and the Actors' Equity association met in conference here again today while Hollywood still was discussing Equity's latest attempt to force screen players to support its demands for the "closed shop."

The meeting of a committee from the two organizations was the fourth since Equity first demanded a 48-hour week and all Equity casts, provisions which the producers refused to recognize. Neither side has commented on the progress of negotiations.

### NAVY SLATED TO GET CHARGES OF SUBMARINE OFFICER

NEW LONDON, Conn., Aug. 7.—(UP)—Declaring he would not "risk the lives" of himself and his crew, Capt. Sloan Danenhower of the private rescue submarine Defender refused today to continue navy tests "as long as Lieutenant Commander Palmer H. Dunbar remains in charge at the surface."

Danenhower left here for Washington on the Federal Express this morning to lay the matter before the navy department.

## PEACE PACT IS SIGNED BY TWO WARRING TONGS OF CHINATOWN

### SUGAR FIGHT IS OPENED ON FOUR FRONTS

Rudolph Spreckels Submits Sliding Scale—Borah Has Plan

WASHINGTON, Aug. 7.—(UP)—A sliding sugar scale which would tax refiners and limit their profits to guarantee a 6 cents a pound or better price for refined sugar was offered to the senate finance committee today by an agent of its millionaire author, Adolph Spreckels of California, sugar magnate and friend of President Hoover.

Spreckels has been tramping the corridors of the senate office building for weeks trying to line up senators in favor of his plan. He is strongly opposed to the Smoot sliding scale upon which hearings were opened by the committee today.

"Above everything else," Spreckels said, "my scale would protect the consumer and the American producer. It will always limit the refiner's margin by the application of an internal revenue tax."

"I am opposed to the Smoot scale because it would be unjust to Cuba and would never give relief to American producers."

The scale was presented by Edgar H. Stone, representative of Spreckels' vast refining interests. The duty provided in Spreckels' scale is about the same as that of the Smoot scale which also seeks to fix the price of wholesale refined sugar at 6 cents.

While Smoot's scale fluctuates from .80 cents to 2.40 cents on Cuban sugar, Spreckels goes only from 1 to 2 cents, but Smoot's rates apply to refined sugar while Spreckels' apply to raw.

The Spreckels' scale opened the sugar fight on four fronts. When it was made public, Senator Borah, Rep., Idaho, let it be known he had put his proposition for a 2 cent sugar bounty and a low tariff in the hands of experts. He indicated he would champion the bounty plan in opposition to the other three pending schemes—the flat 2.40 rate of the house bill, and the Smoot and Spreckels scales.

A score of more of witnesses were which Chairman Smoot of the committee hopes to conclude before night. Most of them were prepared to protest against the Smoot scale. Included in the list of witnesses were representatives of the sugar beet growers from Chairman Smoot's home state, Utah.

### BODY OF FEDERAL AGENT RECOVERED

DETROIT, Aug. 7.—(UP)—The body of Richard Sundland, federal prohibition agent, who fell or was thrown into the Detroit river from the yacht Maxine early Saturday, was recovered near the foot of Adams street today by customs border patrolmen.

The finding of the agent's body substantiates in part the story told by John M. Heath, elevator construction engineer, that Sundland toppled into the river during a scuffle on the deck of his yacht after Sundland had searched the craft for liquor. After communicating with his attorney, Heath disappeared and is believed to have fled the city.

### MURDER OF WEALTHY CLUBMAN MYSTERY

LOS ANGELES, Aug. 7.—(UP)—The killing of Frank A. Foster, wealthy clubman, remained a mystery today as an anonymous tip furnished police proved without foundation.

Officers were informed in a note that the killers of Foster, who was shot down as he left his apartment with Miss Beth Taylor one night last week, escaped in an automobile bearing license No. 7-8-9793.

The number was traced to Lew Harvey, 43, movie actor and friend of Foster. Harvey was exonerated by police after several hours of questioning.

### Solon Seeks Bishop Cannon Prosecution

Tinkham of Massachusetts Makes Demand Today of Attorney General

WASHINGTON, Aug. 7.—(INS)—A demand that the department of justice prosecute Bishop James Cannon Jr., for violation of the corrupt practices act was laid on Attorney General Mitchell's desk today by Representative George Holden Tinkham, Republican, of Massachusetts.

Tinkham accuses the bishop of having violated the federal law in his financial management of the anti-Smith campaign in the south last election.

"Bishop Cannon," said Tinkham, "brags as absolutely false the statement that he made loans of \$5000 each to the anti-Smith Democrats of Virginia until he is confronted with documentary evidence of loans made by him to this political committee of which he is chairman, and advancements for its account aggregating more than \$27,000."

"Then he admits loans, and in an effort to reconcile this admission with his previous denial, he falls back upon the explanation that 'all loans were made by Bishop James Cannon Jr., personally, and not as an officer of the board of temperance and social service of the Methodist Episcopal Church, South.'"

"He leaves unanswered the question that was asked him which lies at the heart of the matter, namely, from what source did he obtain the large sums which between August and September, 1928, he loaned to the anti-Smith Democratic committee."

It is Tinkham's contention that Cannon financed the activities of the anti-Smith committee with loans from the church board, and violated the corrupt practices act by not filing a return with the clerk of the house, as other political organizations are required to do.

### TWO KILLED IN KANSAS PRISON RIOTS TUESDAY

Four Other Prisoners Taken After 4 Hour Chase and Gun Battle

LANSING, Kas., Aug. 7.—(UP)—Officials of the Kansas state penitentiary today were investigating the source of weapons used by six convicts in a break late yesterday which resulted in the death of two of the conspirators, and the wounding of a guard and another convict.

Four prisoners, captured last night after a four hour chase and a gun battle near the business section of this village, will be brought before prison officials in an effort to clear the mystery.

William Webb, 39, a barber by trade, and Robert Collins, 30, a farmer, are dead. They were shot in a spectacular pistol duel when they refused to surrender to R. H. Hudspech, deputy warden, and Arthur Graham, assistant day captain.

The break occurred as the six were being brought from a mine within shadow of the prison walls. As the men reached the top of the shaft they produced weapons and forced the four guards on duty and four trustees to accompany them.

Compelling the eight to act as shields from the gunfire of the guards stationed in towers nearby, the prisoners started on the run for a nearby highway.

Two long blasts from the penitentiary siren brought more than a hundred armed guards and citizens to the prison walls.

The convicts reached the highway, stopped a car and were in the act of boarding it when they were overtaken.

Three of the men, John Edwards, Charles Chestnut, and O. G. Schultz, escaped while J. B. Knight, a life term, and Collins and Webb, fought it out with Hudspech and Graham.

Collins, wounded, continued firing a minute—then turned and ran to a small knoll near the road.

"I would rather die than go back to that hole," he shouted, and turned his own gun to his body. He was dead when officers reached him.

A bullet from Hudspech's pistol felled Webb. Knight was found lying at the side of the road, slightly wounded, clenching a knife under his shirt.

The three remaining convicts were found several hours later, concealed in a clump of weeds less than 100 yards from where their two companions fell.

### Final Meeting Being Held In New York City

U.S. Attorney Tuttle Brings Chinese Leaders Together in Conference

NEW YORK, Aug. 7.—The network which binds the Chinatown of the United States is carrying a peace message today—the On Leong and Hip Sing tongs have made "permanent peace."

It is not the first time "permanent peace" has been made.

Five Chinese were slain since Sunday's twilight brought an outbreak of hostilities between the rival organizations. As peace negotiations were going on last night, there was another shooting in Chicago and the victim is expected to die—but that "didn't count," according to U. S. Attorney Tuttle, who is accorded credit for bringing together the national representatives of the tongs and "guiding" them into the peace pact.

With the firm assurance that the government was ready to raid Chinatowns throughout the country and bring down wholesale deportations, the national representatives were "guided" into signing the treaty this morning.

It was admitted there were a few minor differences to be ironed out at a meeting which will be held today in the Chinese Benevolent Association offices.

Of the five men who lost their lives in the recent feud, only well-informed Chinese knew their tong for the night.

But then the Chicago tongman probably will die and six is three and three.

The pact was signed in the office of Samuel S. Young, consul general. Several conferences and then the final parley which lasted through the night brought the truce.

Tuttle insisted this is no armistice but a permanent end of war. Commercial rivalry and violation of the commercial areas reserved by each tong caused the outbreak, according to Tuttle's assistant, George J. Mintzer, who was in active charge of the "guiding" of the pact.

The matter of the causes, according to Mintzer, was of secondary importance to his superior—"peace or pack up" was Tuttle's ultimatum and that was his sole concern.

### U. S. PLANE FORCED DOWN IN ARIZONA

SAN DIEGO, Calif., Aug. 7.—(UP)—Forced down last night at Winslow, Ariz., Capt. George Palmer, and Lieut. L. F. Harmon, pilots of the ninth plane of the army bombing squadron which arrived here last night, were en route to join their formation at North Island today. The bomber was not damaged in landing.

The planes will remain here for three days before pointing north to Oakland, Calif. From there they will go to Salt Lake City, Cheyenne, Denver and back to Langley Field, Va., where they will end their transcontinental tests.

### WIFE WINS DECREE AFTER FIVE YEARS

LOS ANGELES, Aug. 7.—(UP)—Five years of litigation between Frank Cummings, known to the stage as Frank Wilson, and Mrs. Lulu Cummings ended here yesterday when she was granted an interlocutory decree of divorce on her cross complaint to his original suit.

Mrs. Cummings entered the first action when she asked for separate maintenance in the courts of New York. Cummings won that suit but Mrs. Cummings later successfully sued him in the California courts for \$5000 on a civil action.

Cummings then asked for a divorce here but she filed a successful cross complaint.

### SAILOR FILES SUIT FOR \$10,232 AFTER ASSERTED BEATING

SAN FRANCISCO, Aug. 7.—(UP)—Sailor files suit for \$10,232 damages on file in United States district court here today by George Miller, seaman, against the master, second engineer and owners of the steamer Dio.

Miller's complaint asserts that on July 20, while the freighter was docked at San Pedro, Capt. M. J. Fegan had him chained and handcuffed, and looked on while Second Engineer S. S. Carter choked and beat him.

The Dio is a lumber carrier, owned by Redwood Lines, Inc.

Only Socialist In Congress Dies of Injuries Received in Accident

MILWAUKEE, Wis., Aug. 7.—(UP)—Victor L. Berger, for years the only Socialist in congress, died today, three weeks after he was injured in a street car accident.

Berger was 69 years old.

Last night after complications had set in the famous Socialist suffered a relapse. His skull had been fractured in the street car accident, which occurred as he was walking home from his office in the Milwaukee Leader building.

The veteran Socialist leader died at 1:15 p. m., C. S. T. Mrs. Berger and one daughter were at the bedside in the hospital where he was taken after the accident.

Battling always for "the cause," which to him was socialism, Berger became known throughout much of the world for his activities as a politician, an editor and forever a leader of the laboring class.

He followed his convictions to the shadow of prison gates yet never did he enter for himself anything but the admiration and respect of his political enemies. Berger, a native of Austria-Hungary, spoke with a rich foreign accent and he possessed a kindly disposition that went well with his soft tongue, but which belied the lionhearted courage of his soul.

Berger, large of stature, bald of head and with that indescribable air of leadership that brought to him the laboring class as devotees, met the crisis of his tempest.

### PROSECUTOR DELAYS PYLE PAY ACTION

LOS ANGELES, Aug. 7.—(UP)—Federal action on agricultural problems has already had its effect on the farmer in strengthening his morale, his psychology, and his courage, Senator Capper of Iowa told members of the Los Angeles Chamber of Commerce.

"The whole theory of the farm relief bill is to help the farmer to help himself," the senator said, adding that he is "glad to say that the method used in correcting the situation and restoring prosperity to the farmer is that of co-operative effort rather than that of subsidy from the federal treasury."

### POOL OPERATORS SWINDLED AT OWN GAME IN NEW YORK

NEW YORK, Aug. 7.—(UP)—Big "bankers" operating the pools which pay off on certain combinations of figures in the report of the New York clearing house report each day were swindled today at their own game.

A clique organized a campaign to bribe boys getting the figures from the clearing house and paid each \$50 to send out incorrect figures to their respective papers. It cost them something like \$400, but the profit must have been tremendous.

### PASSENGERS NOTIFIED TO BE PREPARED

World Tour by Air-liner to Start From Lakehurst And End There Sept. 3

WEATHER NOT IDEAL

Commander Eckener However Will Start Unless Wind Too Strong

LAKEHURST, N. J., Aug. 7.—At midnight tonight, unless an unforeseen change in the weather occurs, the majestic Graf Zeppelin will thrust her nose toward the sky and start for Friedrichshafen, Germany, on the first leg of her round-the-world cruise.

Ideal weather is not expected for the start but the Graf has proven time and again that she can overcome the vicissitudes of the elements.

Variable winds and possible showers were expected tonight but it is not likely that the winds will be sufficiently strong to prevent the Zeppelin from being taken from her hangar on scheduled time.

Dr. Huro Eckener, commander of the mighty airship has given orders that all freight and mail for the air liner must be on the field at the naval air station here by 4 o'clock this afternoon.

All the passengers who are to make the flight also have been asked to be within calling distance of the field at that time. They will board the airship before 10 o'clock tonight.

Commander Zeno M. Wicks, who has charge of refueling the ship, stated this morning that all her gas tanks would be filled by noon.

Filling of the envelopes containing the lifting gas, hydrogen, will also be completed by that time. The fabric, engines and other equipment of the ship have already been thoroughly inspected and found in perfect condition.

Eighteen passengers, including one woman, are expected to be aboard when the Zeppelin starts in addition to her usual crew of 41. Two pieces of "live freight"—a Boston bulldog and a baby alligator—will also make the trip.

The sole woman passenger is Lady Drummond Hay, of London, a veteran transatlantic air traveler. She came over on the Graf's first trip to Lakehurst and has been a passenger on several of the airship's cruises in Europe.

William B. Leeds, son of the late multi-millionaire tin plate king and husband of Princess Xenia of Russia, is another passenger who will make the world flight.

Commander Charles E. Rosen-dahl and Lieut. Jack C. Richardson will make the trip as official observers for the United States navy.

### PROSECUTOR DELAYS PYLE PAY ACTION

LOS ANGELES, Aug. 7.—(UP)—Lloyd Nix, city prosecutor, announced today he had postponed action against C. C. Pyle, transcontinental derby promoter, because the latter said he has no money to pay labor claims of members of his troupe.

Pyle promised to pay the claims as soon as he was able to raise the money and in addition said he was helping find jobs in the movies for members of his girls' band.

# Sierra Power Line Project Approved By County Board

## ACTION AWAITS AUTHORIZATION OF RAIL BODY

The proposal of the Southern Sierras Power company to run a power line across the county was approved by the board of supervisors yesterday with only one dissenting vote. Approval by the state railroad commission is the only step upon which action now waits.

The project, which plans to hook the lines of the company up with the giant power plant of the Los Angeles Gas and Electric company in Seal Beach, has been under way for some time and the power company has won a series of suits in the county courts for permission to cross private lands.

The dissenting vote on the matter yesterday, when the matter was presented for decision of the board by H. C. Head, attorney for the power company, was cast by Supervisor John Mitchell, of Garden Grove. He took as his stand on the matter the position that the right-of-way should not be granted by the supervisors except under the provisions of a franchise that would bring a stipulated revenue to the county in return for the privilege that was being granted.

The route of the power line as it crosses Orange county from the San Bernardino county line to Seal Beach follows the Santa Ana river from near Prado to a point some 600 feet north of the Orange county hospital, thence west along Orange-wood avenue to the Grand line, a survey mark, from where it runs in a southwesterly direction to the intersection of Seventeenth street, then west to the San Gabriel river, which it follows to the power house in Seal Beach.

## 400 DELEGATES AT CONVENTION IN FULLERTON

With approximately 400 delegates in attendance, the annual convention of the California Firemen's association opened in the Fox Mission theater in Fullerton this afternoon, with the principal address being delivered by Governor Young.

Capt. W. A. Myer, of Los Angeles, president of the state organization, presided at the session this afternoon.

The firemen and their families will be guests in Anaheim tonight. A section has been reserved for them at the Anaheim Greek theater for the band concert. They will be guests at the baseball game between Santa Ana and Anaheim teams and afterwards will attend a dance at the Concordia club in Anaheim.

The "Toonerville Trolley" provided comedy for the residents of Fullerton this morning, when firemen staged stunts in the courtyard of the California hotel.

Election of officers is scheduled to take place Friday. The convention city for 1930 will be named at that time.

**MAN, WIFE HURT IN CRASH**  
Two persons suffered severe injuries early this morning when the car in which they were riding was crowded from the road in the Santa Ana canyon, near Olive.

The accident victims, Mr. and Mrs. J. M. Seanz, of El Modena, are patients in the Orange county hospital, where they were rushed following the accident, in which their car turned over after they were forced from the highway by a car coming from the opposite direction.

## Stars, Stripes Hoisted Over Paris Building

PARIS, Aug. 7.—The Stars and Stripes were hoisted over the \$1,500,000 American Legion Memorial building at 49 Rue Pierre Charron, today.

Paul V. McNutt, national commander of the American Legion, dedicated the veterans' home in the presence of American and French civil and military officials.

The ceremony was held under the auspices of the Department of France, American Legion.

After the dedication Commander McNutt laid the cornerstone, a block of granite from Chateau Thierry, of a five-story annex in the rear of the building.

ous career when he stepped before Judge Kenesaw M. Landis in Chicago and read to the court a carefully prepared document explaining his political philosophy. The document was the Socialist's response when he was asked if he had any thing to say before sentence was pronounced. A few minutes later Berger was sentenced to 20 years in federal prison for conspiring to violate the espionage laws.

The trial, which came on Dec. 9, 1918, climaxed a period of months following America's entrance into the World war during which Berger spoke openly for peace; denounced capitalism and took up the cause of those who were arrested before him for violating the espionage act.

Not until 1921 did the United States supreme court, to which the case had been referred by an appellate court, reverse the Landis decision and vacate the prison sentence.

With his usual sense of humor Berger described himself during his wartime difficulties as "the most indicted man in America."

The Socialist leader was born February 28, 1860 in Nieder-Rehbeck, Austria-Hungary and came to America virtually penniless after attaining an education in Budapest and Vienna. He started his career in Milwaukee as a tradesman and later took up teaching and journalism.

His first successful congressional campaign came in 1910 when he was the first Socialist to hold a seat there. It was during his first term that he introduced legislation favoring principles he fostered throughout three subsequent terms and until his death.

## WOMEN HAVE CLOSE CALL IN CAR CRASH

Reports from Stanton today told of the miraculous escape early Sunday morning, of four women, driving in a coupe owned by J. H. Bray, of Santa Ana, when it rolled over three times after the driver swung the car sharply to avoid striking a trailer.

The accident occurred near the Star farm tracts and F. Williams and J. Molony, who live near by, hurried to the assistance of the women. Two of the occupants had been hurled through the wind shield.

The driver was thrown 25 feet and still had the rim of the steering wheel in her hands.

## THREE S. A. MEN IN CAMP WITH 91ST DIVISION

CAMP DEL MONTE, Aug. 5.—The training of the 91st division got off to a wonderful start today. With the beginning of their field exercises, the officers, both new and veteran, realized the seriousness of purpose which is back of this short season combining both vacation and avocation.

The 364th Infantry, which is the unit covering all of Southern California, is just as determined as ever to sustain its reputation of being the best infantry regiment in all of the U. S. army reserve.

Orange county is represented by 1st, Lieut. Ray E. Smith, of Anaheim, as the intelligence officer of the second battalion, 2nd, Lts. George O. Canfield, of Santa Ana, in Company F; Herman J. Zabel, of Santa Ana, in the service company, and E. H. Abernethy, of Santa Ana, in Company E, on duty at present with headquarters company, communications platoon.

There is a large number of new second lieutenants attached to the 364th for training this year and it is from this number that the new material for the regiment is drawn to fill vacancies caused by promotions, transfers and resignations.

The physical examinations of officers attending the camp, completed today, have been most thorough. Any officer passing through these tests successfully may well be sure that he can expect quite a while to elapse before he is placed on the shelf by reason of disability.

## Drum Corps Given \$500 For Expense At Legion Session

Various matters of interest to Orange county today were under way as a result of attention given them yesterday at the meeting of the county board of supervisors.

Among these was the allowing of a sum of \$500 to the Orange county council, American Legion, whose spokesman, Franklin G. West, solicited the aid of the county for sending the drum corps to the annual state convention of the American Legion, to be held in San Diego this month.

Erection of a new contagious ward at the county hospital is to be an event of the near future and decision was reached to employ Frederick Eley to submit plans for the structure.

Tuesday, August 27, will be the date upon which the Diamond school bonds will be sold, according to announcement made yesterday by the supervisors. The bonds are valued at \$4000.

## REVISION OF PROPOSAL IS BEING URGED

(Continued from Page 1)  
about today to prove that the figures quoted by Snowden were erroneous.

Cheron also was instructed by his delegation, headed by Premier Aristide Briand, to point out that it was the British delegation at Paris during the drawing up of the Young plan which suggested the unconditional annuities for France—for the purpose of paying for the reconstruction of the devastated areas.

Rumania, the first of the small nations to be heard from at the conference, aligned itself with Great Britain in the latter's stand for a revision of the reparations plan.

Cheron was the first speaker of the session. He was followed by Mosconi, who outlined Italy's position on the reparations question. Then came the director of the Bank of Portugal, Joao Renique Ulrich, who raised for the first time the topic of the proposed international bank to handle the reparations payments.

Ulrich demanded that all the interested nations be represented in the administration of the super bank. This demand was interpreted as a move to forestall the bank's complete domination by the large powers.

Shortly afterward, Dr. Gustav Stresemann, German foreign minister, took the floor and reiterated that Germany would accept the Young plan as a basis for settlement of outstanding political and economic questions, but would insist upon immediate evacuation of the Rhineland and upon a preliminary understanding on the Saar basin question.

## DEAF MUTE SEEKS LONG LOST COUSIN

Eddie Sullivan, deaf mute and member of a deaf mute family, who has just arrived in California from Chicago, is looking for his cousin.

"Can you print for me that I am looking for my cousin?" he wrote after he came into The Register office this morning. "My half brother told me she lived in Santa Ana," the practiced hand wrote on, "I haven't seen her for 15 years—she was about 11 years old then."

"I don't remember what is her married name. Our grandmother's name was Louisa Hausholder. She died from burns she received at her home in December, 1924. My uncle's name is Howard Hausholder. My cousin's mother now is in Grand Rapids, Michigan."

In response to a written inquiry as to where his cousin should get in touch with him in the event that she were located, the visitor pulled from his pocket a slip of paper bearing the address of a friend, who, he wrote, was taking care of his mail. The address is "Care of McNeil, 3401 Cahuenga boulevard, Los Angeles."

## HOT WEATHER BOOSTS COAST ROAD TRAFFIC

SEAL BEACH, Aug. 7.—Night traffic on the Coast highway as far as Seal Beach and Sunset Beach, rivals Sunday traffic during the present hot spell. Many thousands of people flock from the hot cities and inland district following the setting sun to the coast line, enjoying night swimming, camp suppers on the beach and all the beach sports. Seal Beach permits camp fires on the beach after a permit has been

issued by the police department. Sunset Beach allows camp fires. The highway is lined every night on both sides for three or four miles with parked autos. The traffic cops work until midnight and later. Stores are open half the night and business is good. The hot weather has caused the heat tormented people to turn to the delightfully cool beaches and the jolly and restful camp fires.

They sleep on the beach sands and at sunset are headed back to the dull prosaic world in their autos, but only until nightfall when they will be back on the beaches again. They like the free beaches or any special entertainment beyond moonlight, seabreeze and cool sands and Seal Beach and Sunset Beach have all of these free to everybody.

## RAIL COMPANY SHOWS LOSS IN S. A. OPERATION

The showing made by the Pacific Electric company, yesterday, before the state railroad commission at the hearing conducted on its request to discontinue bus service in Santa Ana probably will result in the request being granted, it was indicated today by City Attorney Charles Swanner, who attended the hearing to represent the city and protest discontinuance of the service.

The railroad company showed that for the entire period of seven years it has been operating busses in Santa Ana. It has cost about twice as much to operate as the company has taken in, Swanner said. No users of the lines appeared before the commission, but Swanner entered a strenuous protest against dropping the service on behalf of the city.

The matter was taken under advisement by the commission and no decision was reached yesterday. Examiner W. J. Handford, of the commission, conducted the hearing. Frank Carr, vice president of the Pacific Electric, appeared to present the company's case. An early decision is expected.

City Attorney Swanner stated today that engineers of the commission had advised him that it was customary to give 30 days' notice before a suspension order became effective so that arrangements for the discontinuance of the service could be made if desired by the community affected.

The Pacific Electric representative told the examiner yesterday that changes in routes and increases in rates, made in the past in an effort to make the lines here break even, had been unsuccessful in their purpose.

## Local Briefs

The condition of George McKenzie, Costa Mesa resident, who is suffering from burns, is reported greatly improved in the Santa Ana Valley hospital today. McKenzie, who works in Huntington Beach, was badly burned about the face, chest, right arm and other parts of his body when a valve blew out Friday afternoon while he was switching steam from one boiler to another. The escaping jet of live steam instantly enveloped the upper part of the worker's body.

The annual summer picnic of the Iowa association will be held all day Saturday, August 10, in Bixby park, Long Beach. In addition to all the usual attractions there will be a new feature. This will be the Golden Wedding party and in this will be included all who ever lived in Iowa and have been married 50 years or more. Those couples are to be the guests of the Iowa association and will be seated on the platform.

Santa Ana Knights of Columbus, who were to have held their regular meeting last night in the K. C. hall, postponed the session until the third Tuesday of this month because of the heat, according to an announcement made here this morning by Carl Helm, grand knight.

The Women's Missionary society of the Reformed Presbyterian church and the Christian Endeavor and Junior organizations of the church, will go to the Pacific Palisades this week end for their annual conventions. The gatherings will include organizations from Fresno, Hemet, Los Angeles and Santa Ana. The Rev. Samuel Edgar, of the Santa Ana church, will preach the opening sermon and Dr. J. S. McCaw, of Denver, Colo., will preach at the closing consecration service. Because of the convention, no services are to be held in the Santa Ana church Sunday.

A pot luck supper was enjoyed by Hermosa chapter, O. E. S., No. 105 Monday night. Mrs. Charles Mitchell, president, presided.

A. C. Thomas, who was arrested by a party of officers from the office of Sheriff Sam Jernigan at 4:30 yesterday morning, while he allegedly was engaged in making deliveries of liquor, was arraigned before Justice Kenneth Morrison today. Bail was fixed at \$5000 and the preliminary examination was set for 9 o'clock Wednesday morning, August 21. The complaint filed in the case charged possession of intoxicating liquor and several prior convictions.

There has been no change in the condition of 8-year-old Cruz Mena.

## ANAHEIM MAN FAILS IN HIS ATTEMPT TO TAKE OWN LIFE

An asserted attempt at suicide on the part of J. W. Hayes, 57, resident of Anaheim for the last month, is not expected to prove successful, according to reports from the Orange County hospital, where it is stated that he is expected to recover.

The alleged attempt at self destruction was discovered at 9 o'clock this morning by a room maid in the hotel in Anaheim where Hayes has been staying. He was found sprawled across the floor in a pool of blood from a cut in his throat. The cut had been inflicted with a bread knife, a sample of the premiums he

was distributing in connection with subscriptions for a newspaper he represented.

Hayes' wound was not deep enough to prove fatal, it is reported, and after the wound was dressed by an Anaheim surgeon, the man was removed to the Orange County hospital.

It is reported that Hayes had suffered sunstroke about two weeks ago and had been in ill health since. He also is reported to have been recently estranged from his wife, a nurse, who lives in Highland Park. Hayes' former home was in Santa Monica.

## MRS. COULTER, EX-SANTA ANA RESIDENT, DIES

Mrs. Harriet S. Coulter, widow of the late Col. O. H. Coulter, died Monday in the home of her daughter, May Watson, in Los Angeles, it was learned here today.

Mrs. Coulter was for many years a resident of Santa Ana and was active in patriotic circles, being a member of Sedgwick Women's Relief corps, of which she was a past president. She also was a past president of the women's auxiliary to the Southern California Veterans' association and for years had been president of the Denny club of that association. She was a veteran member of the Rebekah lodge, being a member of the America lodge, No. 371.

Mrs. Coulter was born in Knoxville, Ill., on Sept. 9, 1852, and was married to Col. Orel H. Coulter on Oct. 3, 1870, in Galesburg, Ill. They moved to Santa Ana 25 years ago. Colonel Coulter was quite active in civic, patriotic and political matters prior to his death, on Jan. 12, 1912. He was one of the organizers of the Orange County fair and also one of the founders of the Laguna Park Land and Water company.

Mrs. Coulter is survived by two sons, Clarence L. Coulter, of San Bernardino, and L. Claude Coulter, of Hemet, and her daughter, May, wife of Robert W. Watson, vice president of the Bank of America of California in Los Angeles, with whom Mrs. Coulter had resided for the last 10 years.

She was for many years a member of the First Methodist church of this city, but more recently of the West Adams M. E. church, in Los Angeles.

Funeral services will be held at 10:30 a. m., tomorrow, in the Smith and Tutthill chapel here.

Victim of an accident Sunday in which an alleged drunken driver caused the injury of four members of the girl's family. Reports from the Orange County hospital today state that she remains in a critical condition with little hope for her recovery. The accident took place near Yorba Linda, last Sunday.

The Orange County Peace Officers' association's regular dinner meeting will be held in the American Legion clubhouse, Laguna Beach, at 6:30 tonight, with Chief Abe Johnson as host.

Thirteen years, 11 months and two days of married life proved to Ida Mae Fosdick that there was no happiness for her with Lewis R. Fosdick and in her suit for divorce, filed yesterday with the county clerk, she alleged that she had suffered

## Court Notes

Married in Tia Juana, Mexico, July 3, 1922, Ruth McMillan has filed suit, through O. A. Jacobs, for divorce from John McMillan on the grounds of extreme cruelty, drunkenness and foul and abusive language. In her suit she sets forth that on various occasions the defendant struck her and inflicted such injuries as a blackened eye and a broken nose. He also taught their small son, Daniel McMillan, 5, to call his mother vile names, she charges. A former divorce action was dismissed upon the defendant's promise to discontinue his cruel treatment, but the reform was merely temporary, according to her plea.

Speeding cost Alvin Carr, of the Arden dairy, El Monte, \$20 in city court yesterday. Carr appeared before Judge Talbot.

The case of Noel Newton, charged in a complaint filed by A. A. Brock, county horticultural commissioner, with removal of nursery stock from one location to another, without holding for inspection, was continued yesterday by Justice Kenneth Morrison until 9 o'clock tomorrow morning for the purpose of locating witnesses. A motion by the district attorney's office for dismissal of the case was denied by the court.

Harry Baxter, Cecelia M. Best and L. S. Leeson paid fines of \$2 each for violating the time limit provisions of the traffic ordinance governing parking when they appeared before Judge John F. Talbot yesterday in city court.

Driving through traffic signals resulted in assessment of a \$2 fine against the Sackett-Doty company yesterday in city court.

Jewel E. Schutz and her husband, Joseph E. Schutz, have come to the parting of the ways after only 11 months and 16 days of marriage, according to a divorce action filed today by Mrs. Schutz through Nelson and Burns, Santa Ana attorneys. The two married in Los Angeles on Aug. 15, 1928, and separated on Aug. 1, 1929, after the plaintiff had been subjected to cruel and inhuman treatment, according to her claims. In the intervening months, according to the plaintiff's story, the defendant had threatened to kill her and had used abusive language to her on various occasions when he was intoxicated. The culmination was reached on May 29, when he became unusually abusive in the hospital at Newport Beach, where their child was born and subsequently died, it was charged.

Service between Czechoslovakia and Switzerland was recently extended to include all sections of both countries.

## 2 ORANGE CITY OFFICIALS GET SALARY BOOST

ORANGE, Aug. 7.—The Orange city council, meeting in regular session, yesterday afternoon granted an increase in salary to City Engineer C. C. Bonebrake and to Water Superintendent W. J. Richardson. The increase of \$25 monthly was effective August 1.

E. A. Kern was appointed janitor to fill the place of Samuel McBride, deceased. The advertising budget as submitted by the Chamber of Commerce was accepted. Officer Willet Winslow was granted \$40 per month for the use of his car. The Jesse Dinsmore estate, on West Chapman avenue was granted permission to use water from the city lines.

The petition for the oiling and graving of South Parker was granted. City Attorney Dearing was instructed to write the attorney general in regard to banning women's pictures on tobacco billboard signs.

City Clerk Clark was instructed to advertise for bids of liability insurance on the city cars.

The city engineer and attorney were instructed to prepare plans, specifications and resolutions of intentions to pave the center section of West Chapman avenue between Batavia and Main streets.

As a result of a collision between a roadster driven by Jessie A. Williams and a railroad motor, driven on the Santa Fe tracks by Charles Ethel, the latter has filed suit against Miss Williams for damages to the extent of \$25,000. According to the latest injuries sustained by the plaintiff, he will be permanently afflicted with a fractured kneecap.

The collision occurred at the intersection of Tustin boulevard and the Santa Fe tracks in Tustin, the plaintiff declaring that he was travelling east on the railroad tracks when the defendant drove her roadster directly upon him.

Service between Czechoslovakia and Switzerland was recently extended to include all sections of both countries.

## Police News

Sgt. F. M. Dean and Officer Harry Frichard comprised a wrecking crew at 1:25 this morning, when they removed a large limb that had fallen across Chestnut street, near Lyon street, and was impeding traffic. The fallen limb was reported to police headquarters by a passerby.

Detective Sgt. Carl Adams answered a call on East Fourth street just after noon, yesterday, when it

was reported that a group of Mexicans, sitting in a car in front of the Hill building, were making remarks to girls passing by. They had disappeared before Adams arrived. Police officers were instructed to put a stop to matters of this kind and to keep downtown

stairways cleared of loiterers. A fight and shooting affair, reported at Edinger street and the river in Santa Ana Gardens, at 8:30 last night, turned out to be a family row. Deputy Sheriff Harry Carter investigated.

## Fullerton Council Reduces Municipal Tax Rate

### PETITION ASKS PARKING RULE IN PLACENTIA

PLACENTIA, Aug. 7.—A petition for an ordinance regulating parking along Santa Fe avenue was presented to the city council Monday night by Sam Newnes. This petition calls for parallel parking on this street and a limit of two hours parking in the business district. It was signed by a majority of the property owners.

City Attorney Albert Launer urged the passing of an ordinance by which residence and business district traffic signs are placed at each end of the zone. The necessity for this action was brought out in the superior court trial of the city of Placentia against Louis Jacobson, accused of speeding in a residence zone. Judge Ames ruling that according to the motor vehicle act, Bradford avenue was not a residence district and that the traffic signs on this street were unlawfully maintained.

City Clerk Nellie M. Cline was instructed to request the Edison company to move the old lights on Santa Fe avenue to the alley north of the avenue, these lights having been replaced by new ornamental standards.

### Road Plans Outlined In Buena Park

BUENA PARK, Aug. 7.—An extensive road program was outlined at the meeting of the Buena Park Chamber of Commerce Tuesday evening, including the paving of Manchester avenue, extension and paving of Commonwealth avenue from Ninth street to Orangeflower avenue and the opening of the new road north to La Habra. Favorable reports were given by the committees who are working on these projects.

The secretary was instructed to send notice to residents to call at the chamber of commerce office for information as to the new house numbers, and it is urged that these be installed immediately.

The 1929 Buella show was announced for September 20 and 21 to be held in the Masonic temple.

A community radio program through the Motor Transit company is being arranged for September 15, it was announced.

### FIRE DISTRICT PLAN OUTLINED IN YORBA LINDA

YORBA LINDA, Aug. 7.—A definite program for arranging a fire district was laid out at the regular meeting of the Yorba Linda chamber of commerce yesterday, following a decision reached at a special meeting of the chamber of commerce recently, that the new petition now before the supervisors requesting the formation of a fire district was not satisfactory to the majority of the people in the proposed district.

At the meeting committees were appointed to work on details according to the new plan which is being worked out, whereby the district will be divided into two zones, with a lower tax rate in the outside zone, which will receive less benefit from the fire equipment, and which would have carried the heaviest expense under the original plan.

The committee to define these two zones, primary and secondary, is composed of F. W. Stahler and J. W. Hargrave. Members of the committee to investigate the cost of the equipment and to work out a tentative budget for the maintenance of same are Hurlis Barton, W. MacClatchie and Willis Van Cleave. The secretary and the president, E. R. Walker, and Charles Vernon are the committee to investigate property values in both districts, while Mr. Stahler and Mr. MacClatchie are on the committee to investigate a possible reduction in insurance if the fire protection district is formed.

When these committees have completed their investigations, another mass meeting will be called and all the information laid before the people in order that a plan agreeable to all may be carried out.

### Anaheim Business Women to Convene Thursday Evening

ANAHEIM, Aug. 7.—The Business and Professional Women's club will meet in the Elks' club house Thursday evening at 6:30 o'clock. The dinner program, at which Louis Danz, of Anaheim, will be the featured speaker, will be over at 7:30 o'clock on account of the concert at the city park.

### NEW WELL FOR W. T. NEWLAND FARM AT H. B.

HUNTINGTON BEACH, Aug. 7.—The Camp Oil company, Long Beach, spotted a well on the W. T. Newland farm yesterday afternoon practically offsetting the Standard Oil company's Thompson No. 10, now standing cemented on the sand. This Newland well of the Camp company will be a rival of the Huntington Beach field. Drilling on the Camp well is to start at once.

The Camp well on the Newland farm is located in the flat. The location was selected by C. W. Camp, president of the company, and Field Superintendent Al Craig. W. T. Newland, land owner, was present.

The Newland farm consists of 400 acres. Mr. and Mrs. Newland are pioneer residents, having come to this section of Orange county 35 years ago. They cleared the land, drained the swamps, established their home and have prospered. They have profited through oil leases but have never had a producing well on the old home place although owning royalties in other parts of the field.

The Thompson farm contains some highly profitable wells in sands from 3300 to 3600 and some wells running as deep as 4000 feet and below. The Newland farm adjoins the Thompson farm on two sides.

The newest Standard well on the Thompson farm is cemented below 3300 feet with bottom of the hole around 3600. The cement will be drilled out within the present week. Cores in the oil sand are reported by field scouts as indicating a good well. Other wells on the farm newly drilled in the same sand are producing from 250 to 400 barrels a day.

The Standard Oil company's newest drilling project in the Huntington Beach field is in the Garfield street section. A derrick is being erected to offset the Rex Oil company's No. 12 well on the old Getty lease owned largely by J. Ed Huston, D. W. Huston and C. P. Patton. This newest Rex Oil company completion is a shallow zone well, bottom of the hole being about 5000 feet. It was brought in about six weeks ago and the Standard has been prompt to offset.

The Richfield Bardeen No. 1 well on Garfield street, which sank up after being put on the pump for two days and has been a contrary actor, has been baled for four days, and the crew put it back on production yesterday. It quieted down after the rough treatment with the baler and is pumping and flowing by heads into the tanks. It looks like better than 300 barrels a day if there is no repetition of the sand trouble. The oil cuts less than two per cent water or emulsion, although it is producing from a sand that has been pumped by closely drilled wells in the Garfield street area for seven years.

The Richfield drilled this well to 4990, got a water scare, filled the open hole with cement back to 4860 and took 80 feet of perforated 4 1/4-inch liner at the end of a string of 9 1/2-inch heavy duty casing. There is an intrusion of 12 feet of gray slate about the center of the oil formation, but this gray material carries no water. This scheme of the Richfield is something new in the field. Other wells take many hundred feet of sand and a large number of them are wet, indicating in comparison with the Richfield well, they might have taken some water sand along with the oil sands. Oil men are keeping a close watch on the Richfield Bardeen.

The Richfield has spudded in its Heaton and Glimpse lease well on Huntington avenue near Garfield street.

### Bridge Players Of Costa Mesa To Meet Friday Night

COSTA MESA, Aug. 7.—Bridge players of Costa Mesa are looking forward to the fifth game in the tournament, which will be held at the Friday Afternoon clubhouse Friday evening at 7:30 o'clock. Husbands will be present and it will be the only game held at night.

Mrs. M. O. Wells is tournament chairman, and will be assisted by Mrs. T. E. Balge and Mrs. W. B. Rochester.

### DIRECTORS OF YORBA LINDA CITRUS GET PLANS FOR NEW BUILDING COSTING \$100,000

YORBA LINDA, Aug. 7.—Plans for a new packing house for the Yorba Linda Citrus association were presented to the board of directors at the regular meeting yesterday by the chairman of the building committee, Evan J. Herbert, Fullerton contractor and Yorba Linda rancher.

The committee, which is composed of Mr. Herbert, A. W. Miller, first vice president, who is acting in the absence of the president, V. C. Dillingham; B. J. Foss, E. K. French and E. Albertson, has visited many modern packing houses in the last few weeks and from data learned has prepared plans calling for a house 260 by 100 feet, of concrete tile, cement and steel, hard roof insulated with Bl-sil, hardwood floors, with asphalt paving in the wash room.

The space will be divided into a wash room 100 by 80 feet, a packing room 100 by 120 feet, leaving a space 100 by 80 feet for box making. The storage capacity of the basement will be 140 cars of fruit, as the plans call for a box room, water heater and garage on the outside. Dis-sil insulation on the roof plays an important part in the cooling of the building, and there will be many doors for ventilation, three on the south, two on the west, one on the east and one for each car on the north.

The three plans under consideration for construction call for the work to be done on contract, for supervised work on a percentage basis, and for an architectural engineer.

The cost of the new building will be approximately \$100,000 and the capacity eight cars a day. Manager P. W. Damon has instructions to go ahead with the excavating, but no definite plans for the building will be made until the next meeting, August 20, when the president, V. C. Dillingham, will be present.

### Seal Beach Opens Night Classes For License Applicants

SEAL BEACH, Aug. 7.—You can get an auto license in Seal Beach at night. The police department, to accommodate the people who find it inconvenient to get away in the day time, give the driver license applicants tests at night. They are doing a rushing business. Chief Johnson is not advertising his accommodating methods, but good news travels fast and the public floods to the night exams.

Last night 18 persons took the tests. People are driving in from neighboring towns and cities and the council room has been opened where chairs and tables are available. As many women and girls attend as do men and boys. It looks like Seal Beach will issue more auto licenses under the new and thoroughly hated two year license law than there are people in that section of Orange county.

### Beach Suppers Prove Popular

SUNSET BEACH, Aug. 7.—Beach suppers are society events at Sunset Beach. It is the popular fad, made doubly popular during the present hot spell, to entertain on the beach and in the water in the evenings. Hundreds of these supper parties are held nightly and often they are also "dinner parties," guests making their own beds down on the beach where the cool ocean breeze and softly murmuring Pacific are conducive to sound sleep. The camp fires and happy people under the flaring light of the blazes made a picturesque night scene along the beach for miles.

### Speaker Tells Of Visit To Europe

FULLERTON, Aug. 7.—Louis Danz, of Anaheim, was the principal speaker at the meeting of the Fullerton Lions club yesterday noon in Ryan's cafe. He spoke of his recent European tour, dealing particularly with Italy and Paris. Danz described the political conditions in Italy as evidenced at the points by the presence of Fascist guards and police.

Dr. George L. McClelland, as past year's president and Frederick Kahen as secretary were given recognition in the form of special past-president and past secretary pins awarded to the two former club officers at the meeting yesterday.

### LIGHTS EVENT DESCRIBED IN MESA ADDRESS

COSTA MESA, Aug. 7.—The regular Lions club luncheon was held at the Friday Afternoon clubhouse Tuesday noon with George Macleod, secretary of the Newport Harbor Chamber of Commerce, as speaker. He was introduced by Dr. C. G. Huston.

A talk on the Tournament of Lights, to be held at Balboa, Saturday night, was given by the speaker. According to the reports given, this year's display will excel all other years, as practically all lighting will be electrical. Many entries have been made.

Dr. F. B. Morrill reported that the Lions sign is in the repair shop and signs will soon be erected at each entrance to Costa Mesa on Newport boulevard.

Dr. J. W. Wherry, chairman of grievances, read mock charges of insubordination against Judge C. B. Diehl, charges in regard to club ethics, on account of Lions signs. Judge C. B. Diehl will answer the charges next week.

Visitors were D. Hillyard, Dr. E. H. Rowland, Walter Spicer, all of Santa Ana; J. Lawler, of Los Angeles; M. B. McBride, Charles Crawford and W. Brown, of Long Beach; George Macleod, of Newport Beach, and Leroy Anderson, of Costa Mesa.

Luncheon was served by women of the Friday Afternoon club.

### TUSTIN MINISTER LEAVES FOR NORTH

TUSTIN, Aug. 7.—Called to a new pastorate at Parkside, San Francisco, the Rev. William E. Snider, accompanied by his family, left yesterday for the north. The Rev. Mr. Snider has just completed nine years successful pastorate in the Advent Christian church of Tustin.

### FOREST FIRE WORK SUBJECT IN PLACENTIA

PLACENTIA, Aug. 7.—Fire protection, both local and pertaining to the county, was the main subject discussed at the regular meeting of the Placentia Chamber of Commerce Tuesday.

The speaker of the day was John Ragan, of Villa Park, who has been instrumental in forming the organization known as the Orange County Forest Protective association. This association is sponsored by the farm bureau and is composed of 35 members, not including the supervisors, who hold themselves in readiness to help fight forest fires in the county. Three members, T. Watson, C. Brewer and Mr. Ragan, are state fire wardens.

Mr. Ragan told of his experiences in fighting forest fires and announced that Lewis Edwardson had been appointed to take charge of the Placentia district. The organization has placed a box containing shovels, axes, water pumps and containers on a vacant lot on Bradford avenue, between Santa Fe avenue and Center street, and Office Bookies, Fire Chief Lucy and Mr. Edwardson will have keys. These boxes are being placed at Placentia, Villa Park, Tustin and El Modena.

Following this talk on county fire protection, Louis Jacobson suggested that Placentia follow the plan which is now being worked out in Yorba Linda, whereby two zones are included in the fire district. Mr. Jacobson contended that if a secondary zone is formed in Placentia, a very small tax from this zone would be sufficient to keep a man on duty all the time, and would eliminate the long wait now necessary before a crew can be brought together.

A resolution was passed that a committee be appointed to look into the legal and financial aspects of the matter, and the president, A. S. Bradford, appointed Mr. Jacobson as chairman of this committee with the liberty of choosing his associates.

Ralph McFadden reported that it was intimated by the board of trustees of the Fullerton union high school that no offer would be made to Anaheim and Brea to join in a larger junior college under the new laws, until the sentiments of the grammar school boards had been learned. It was suggested that a larger northern Orange county junior college, showed the sentiments of the people on this question.

### Teachers In High School Are Listed

FULLERTON, Aug. 7.—An announcement of new faculty members of the Fullerton union high school and their departments was made today from Louis E. Plummer, principal. They include:

Hazel C. Cole, commerce; Chester A. Garner, biology; Andrew Good, printing; Mrs. Jessie Hayden, Americanization; Winifred Hawes, library; William McFree, band and orchestra; Donald B. Pheley, engineering; William Robie, vocal music; Elvin G. Rowell, auto mechanics; Charles L. Ruby, law; Frederick R. Spelley, English and dramatics; Gladys Willman, French and Latin; Oscar L. Starr, physics; Herman F. Steinbrunn, art metal. Miss Martha Ehlen, instructor in German and Spanish, has been granted a year's leave of absence on account of her health. She plans to spend the time in Mexico City.

### MIDWAY CITY CHURCH GROUP IS ORGANIZED

MIDWAY CITY, Aug. 7.—A Nazarene Young People's society has been organized here under the leadership of the pastor of the local church, the Rev. John J. Woodson, with 15 charter members.

Officers are as follows: President, Joe Lewis; vice president, Mrs. Edna Robinson; secretary, Roy Fry; chairman devotional committee, Mrs. Katherine Young; chairman membership committee, Miss Ruby Lewis; chairman missionary committee, Miss Beta Fry; chairman evangelistic committee, Mrs. Katherine Young; chairman visiting committee, Mrs. Joe Lewis; chairman music committee, Miss Irene Robinson; chairman recreation committee, Mrs. Edna Robinson; Journal agent, Miss Beulah Lewis.

Charter members include Mrs. Joe Lewis, Joe Lewis, Roy Fry, Miss Anna Robinson, Miss Irene Robinson, Miss Beulah Lewis, Miss Ruby

### CITY EXPENSES FOR YEAR SET AT \$216,502.81

FULLERTON, Aug. 7.—The tax rate for the city of Fullerton for the coming year was fixed at \$1.75 by the city council last night at the regular meeting and the budget for city business was adopted. The rate was reduced from \$1.80. The amount allowed for the general fund was \$1, with a total revenue for general expenses of \$124,503.10, while the amount for the library fund was set at \$115 with a total revenue for this department of \$14,317.85. The total amount for the city expenses, including the various departments, was set at \$216,502.81.

With the assessed valuation of the city reduced approximately \$43,000 from that of last year, due largely to decrease in oil activities within the city limits, the council faced a problem in apportioning the funds to provide for all phases of municipal activity and at the same time cut the tax rate, especially since the expense of operation has increased in the past year due to the growth of the city.

### COSTA MESA FIRE PETITIONS READY

COSTA MESA, Aug. 7.—The petitions for forming a fire district are now ready for signatures and the fire chief, C. J. Lewis, asks that Costa Mesans will sign same as early as possible.

The petitions are at the C. J. Lewis market, C. TeWinkle hardware store, Costa Mesa Plumbing shop, C. Dunn insurance office and R. G. Chambers real estate office.

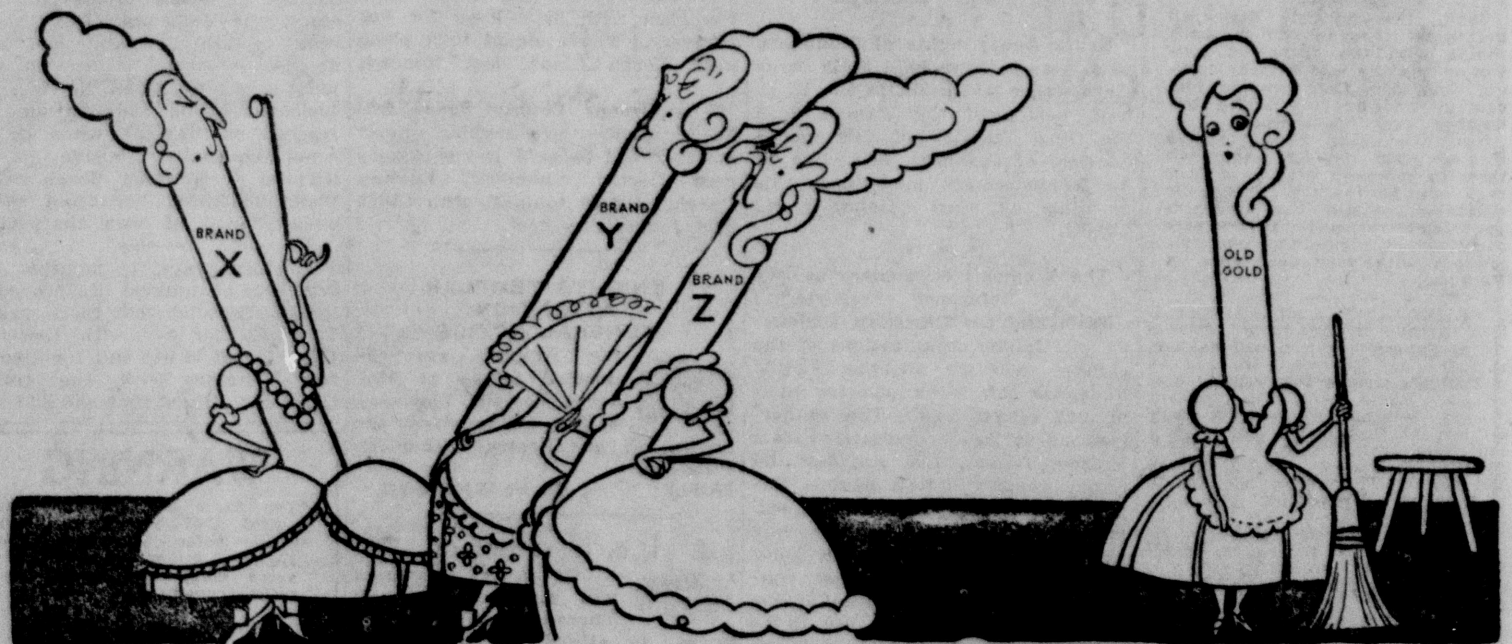

Lewis, Miss Oleta Fry, Miss Thelma Fry, Miss Thelma Potts, Miss Mildred Potts, Miss Vada Rogers, Miss Frances King, Mrs. Dorothy Savers, Mrs. Edna Robinson and Mrs. Katherine Young.

You will find many houses and apartments for rent in the Register classified columns.

## Cinderella and the Three proud cigarette brands

### A Modern Fable

Once upon a time a Mighty Prince set forth to find a perfect cigarette. Being very wise, he netted down his search to the four National favorites... that quartette of popular sister brands known as the "20 for 15¢" family.

The three elder cigarette brands rushed forward to meet the Prince with all the proud pomp in the world... each vying with the other in urging her claims upon him.

"Smoke me!" said the eldest, "I am the class of the field."

"Smoke me!" said the second, "for I am beyond compare."

"Smoke me!" said the third, "all the world acknowledges me to be the best."

Then, from the background, the youngest brand... the Cinderella of the family... quietly spoke up. "If you please, Sire," she suggested, "why not smoke all four of

us... and compare us fairly and impartially, letting your taste decide which one of us you like best?"

"Why, that's a common sense idea!" exclaimed His Highness. Whereupon he covered the names of all four brands with paper masks; lit them and smoked them reflectively, with all brand prejudice removed.

One cigarette seemed to capture his fancy, far and beyond the others. "I don't know which cigarette this is," he declared, "but, unquestionably, it is the cigarette for me."

Whereupon he removed the mask and found it to be... Well, Cinderella is the "story-book" name but in America today that winning brand is known as OLD GOLD.

MORAL: It is easy to make big claims, but you can't smoke claims. The only sound way to discover the cigarette you like best is to let your taste decide.

## CONTINENTAL IS DEFENDANT IN MARTIN'S SUIT

Another development in the tangled affairs of the Continental Air express and its Santa Ana representative, A. B. Stocker, was seen today in the filing of suit by Eddie Martin, of the Eddie Martin airport, against "A. B. Stocker and the Continental Air Express, a corporation," to recover money he claims is due him for services rendered during Stocker's career in Santa Ana.

Five separate causes for action are cited, the first four being to recover money on four checks given by Stocker. The first of these was for \$150 and was dated June 19; the second was for \$315, given on June 24; the third for \$131.50, given on July 8, and the fourth on July 8, for \$335, the complaint says.

In his fifth cause for action, Martin states that between the dates of June 1 and July 29, 1929, he furnished airplane and pilot and made various trips for Stocker, who agreed on a reasonable market value for said services, work, material and instructions, to the sum represented by the checks, \$191.50. Martin asks judgment for the sum in full, plus interest at 7 per cent from July 29 until the date paid, and the costs of the case.

## Fire Squad Tests Latest Apparatus

SEAL BEACH, Aug. 7.—The engine squad of the Seal Beach volunteer fire department had its first practice drill with the new American-La France 500 gallon pump and chemical engine yesterday afternoon. The new apparatus proved thoroughly efficient under tests. Wall scaling and other stunts were indulged in by the fire fighters under direction of Fire Chief John Rees and Assistant Chief Andy Johnson, who is also chief of police of Seal Beach.

## DEEP TEST SEEN FOR BEACH WELL

HUNTINGTON BEACH, Aug. 7.—Ruben Kiesau, of Long Beach, and associates will shortly spud in a well on the Kiesau lots at the corner of Westminster and Garfield. It is projected as a test of the 4800 foot sand but may be carried on down to where that mysterious and as yet undiscovered treasure in black gold, "the Huntington Beach deep sand," is supposed to lay, all untouched up to the present time and waiting to pour itself into the grand total of California's oil production. Kiesau and associates are operating two wells in the Huntington Beach field. They recently paid \$14,000 for the Paige acre near the corner of Westminster and Garfield adjoining the lots they are to drill.

## MORE FACTS ON GAS GENERATED POWER GIVEN

Furthering his approval of the proposal made by representatives of the Western Enterprise Gas Engine company for the establishment of a power plant for Santa Ana that will generate current for power to operate the electrically driven pumps in the city water works system and provide current for the ornamental lighting system, City Manager W. G. Knox today made another statement endorsing the project.

"The further I have gone into the matter, the more it seems to me to be the thing to do because of the tremendous saving it will mean for the city," he declared. He pointed out that there would be a saving of over \$17,000 annually in the use of the natural gas engine generated power compared with the purchased current used for power and light now.

"Out of this amount the city could purchase the equipment and own it outright for additional future savings under the plan that the Western Enterprise people have submitted," Knox asserted. "My reason for recommending the project so strongly and for urging that the citizens take advantage of the proposition is actuated solely by the desire to effect the greatest possible savings in the conduct of the city's affairs. If the Southern California Edison company, or any other interested parties, will work out a scheme that will produce the same results, I will support that equally as strong."

SOME GAME, DOCTOR! PARIS, Aug. 7.—Dr. Robert E. Moore, of New York, has agreed to drive a golf ball from Paris to Berlin, a distance of 764 miles, in 7000 strokes. So convinced is he that he can do it that he made a bet with Dr. Fernandez Suarez de Mendoza, of Paris. He must average 170 yards a stroke to make the distance. An agreement says that he can use another ball if he loses one.

Prior to April 20, 1929, John W. Kimsey was a strong and able-bodied man of 29, a petty officer of the first class in the cook and baker division at the U. S. naval training station in San Diego, and in line for immediate promotion for chief cook with a consequent raise in salary.

But on that date, according to a suit for damages against J. E. Green, filed today, he sustained injuries in an automobile accident through the recklessness and carelessness of Green, from which he will be permanently crippled, and because of which he lost his promotion.

Green, according to the papers filed, operates a taxi service between San Diego and Los Angeles, and Kimsey was his passenger on April 20, on which date he "drove into another car," according to the announcement set forth by the suit.

Kimsey asks damages to the extent of \$50,000, asserting that his injuries included concussion of the brain, severe cuts, bruises and lacerations about the head and body, and a broken bone in his right leg which has left him with that leg an inch and a half shorter than the other.

HENRY L. FARRELL

MANY WAYS TO FAME

Phil Scott, the huge English heavyweight, first came into prominence in his county when he was knocked out by Knute Hansen. He went home to London, but got back into print when he became involved in the complicated affairs of Max Schmeling, the German heavyweight. Der Schmeling had been signed to fight Scott and tried to get out of it and the New York commission said he would have to fight Scott or he couldn't fight in New York.

POUNDS WICKED TYPEWRITER

Big Phil turned author in his spare time, and the following is one of his masterpieces in a London paper:

When I was 16, glibly oversteering my age, I joined the Royal Marine Artillery. Three delightful years followed, years of hard work and hard training, while my figure lost its boyish lines and I began to realize my strength.

KNOCKED DOWN IN RUSH

One incident came as something of a shock to me. I had been detailed with another man for shore duty at Dumfries, in Scotland, where a lot of American sailors were on leave.

One of our duties was to see that civilians were in no way molested; for instance, that they should be allowed to board tram cars first.

Now I have always found Americans, particularly the marines, the soundest of fellows. Some Yankee sailors, however, seemed to have been drinking, and when a tram car going to the castle drew up, they made a rush to board it. Unfortunately a woman with a child in her arms became involved in the scramble, and was knocked down.

My companion and I hurried forward, but were too late to stop the rush. Most of the sailors had reached the top deck and were comfortably seated, but the conductor of the car knew his orders and refused to start until they all got off again. This they refused to do, and there was no room for anyone else.

OUT OF A JOB

A vision of the woman being knocked down rose before me. I suppose I saw red. Anyway, I went on top of that car and threw the whole lot of them over the side, where they fell in heaps. One man was caught upside down on the rail, and a great scramble ensued below for the money which fell out of his pockets!

Afterwards it occurred to me that I must be possessed of remarkable strength, and I threw myself even more enthusiastically into the strict training of which I was so fond.

Before long my name had become known a little as a boxer in the Forces, and I certainly was very fond of the sport. The war came to an end, however, and I was not only out of the Marines, but, like thousands of others, out of a job. I looked around a little, and finally joined the police force, although I stayed there only a short time. The life of a fireman appealed to me more, and I changed over to the London fire brigade.

No one can imagine a finer body of men than the brigade, and I have always been moved to admiration at the way in which they take on the most hazardous of jobs without turning a hair. It needs more nerve, you know, to force a hose from the top of a high wall that is cracking beneath you than to go into the most desperate boxing contest.

ALL FIREMEN ARE GAME

After Scott had been knocked out by Hansen and beaten by Johnny Risko the boys in the back rooms said that he was timid. And when they said timid they meant something else. Scott comments on that angle in his article as follows:

I have been accused of lethargy, slowness and even of cowardice, knowing that all these charges are untrue. What does it matter? I believe that a boxer should be able to defeat his man scientifically, with as little brute force as possible. The days of prize fighting, of sheer "slogging," are fortunately long past—otherwise I should not be in the ring, for that sort of thing does not appeal to me.

I should like, though, to meet the men who accuse me of being "afraid"—if only they were the stuff of which firemen are made.

# NEED RICHARD FOR SHARKEY-MAX BOUT

## Montoya Easily Outclasses Jess Gabuco

### CHARLIE COBB GETS EASY WIN OVER J. AYALA

Running into more opposition than he has ever encountered in these parts, Jess Gabuco, Philippine fighter, who broke into the front ranks with local fans by defeating Tony Moreno, dropped a decision last night to Raymond Montoya, San Diego flash, at the Orange County Athletic club.

The bout belonged to Montoya from the start, Gabuco winning only one round and that by a shade. He managed to get his left working in the second round and knocked Montoya off his feet, but it was the only time during the evening that Jess looked like he was in there to win.

After the second stanza, Gabuco seemed to quit. He missed so many that he probably got tired swinging, while Montoya swarmed over him like molasses over a batter-cake. In the last two rounds Gabuco was merely answering the bells.

"There's something wrong with Gabuco," a woman kept saying. "Yep, there was plenty wrong and it was all Montoya. That little San Diego bantam exhibited more boxing skill than Jess thought was possible—that's the whole story."

Charlie Cobb, the only other San Diego battler who came here last night with a string of Dillard fighters, gave Jesse Ayala one of the worse beatings he has had in the semi-windup.

Cobb won every round, and as the fight progressed, he piled up more and more points. Ayala went into the sixth and final round with his left eye closed and his face bloody. Soon after it started, Referee Billy Darnley stopped the fight.

Ayala was down for four counts and again for six seconds in the second round, was knocked down in the third, and should never have answered the sixth bell. Cobb is one of the best boys seen here and with a more worthy opponent, next bout should be a main event.

Wildman Wins

Whatever Wildman Macias does to make him wild, he did last night when he climbed into the ring with Young Jack Sharkey, a San Diego product.

The Wildman was never wilder, and no one knew this better than Sharkey, who went down and out in the second round after a series of wild head blows had completely upset him. Sharkey was down for nine count twice in the first round.

Macias looked better than he has in weeks. He seemed to like the bigger boys. Such a fighter was Sharkey.

Louis Medina and Howard Carr fought a four-round draw in the only time battle of the evening.

Carr could have been called the winner without anything seriously being amiss, but a draw was well taken by the crowd.

Louis Escheveste found an easy mark in Mervin Dertus, black battler who towered over the little "Louie." Dertus was knocked silly twice and developed a pair of sen-les in the first frame, causing Darnley to stop the fight.

In the first bout Cliff Burtler, Boise bear, knocked out Robert Rodriguez in the forepart of the second round.

A basketball record is the scoring of 42 points in 90 seconds, which was accomplished by a Pennsylvania high school team when its opponent left the floor.

### All-Stars In Exhibition Tilt Today

The Santa Ana All-Stars, still clinging to the thread of hope that they will win the county league night baseball title, will go to Anaheim tonight to engage the Mother Colonists in an exhibition game for the benefit of visiting firemen from all over the state of California who are holding their annual convention in Anaheim.

The game will have no bearing on the standing of the clubs in the league, but will give Anaheim a chance to even old scores with Santa Ana, or will give the All-Stars a change to get so far ahead of Anaheim this season that the Anaheim-Santa Ana annual grudge war will be a thing of the past for this season.

Stockbridge or Ochoa will be on the mound for the locals, with a possibility that Ochoa will be selected to battle his former teammates. The game is called at 8 o'clock, and some 500 Santa Ana fans are expected to attend.

### JEFF CRAVATH TO BE MARRIED TO L.A. GIRL

Jeff Cravath, Santa Ana boy, former all-American center and recently assistant coach at the University of Southern California, will be married August 26 to Miss Margaret Colegrove, Southern California co-ed, it was announced in Los Angeles last night.

Miss Colegrove is the daughter of a Los Angeles doctor and at the present time is a junior in the University of California. She and Cravath have been engaged since 1926, according to friends of the former football star here, who have known about the impending marriage for some time but who have been aiding in keeping it a secret.

Following the ceremony, Jeff and his bride will go to Yellowstone National Park on their honeymoon, and from there will go to Denver, where Cravath will be the new director of athletics at Denver university.

### U. S. C BASKETBALL COACH MEETS TEAM

LOS ANGELES, Aug. 7.—(UP)—Justin M. "Sam" Barry, new basketball coach at the University of Southern California, was on the Trojan campus today getting acquainted.

Barry, former coach at Iowa university and Knox college, arrived in Los Angeles after driving from the middlewest with his wife and young son, Victory.

The former Iowa mentor will assist Coach Howard Jones in football and then take over basketball. There is a possibility he may coach the baseball team also, it was said.

### MCDONALD SMITH IN LONG ISLAND OPEN

SALISBURY PLAINS, N. Y., Aug. 7.—(UP)—McDonald Smith, the foremost professional golfer in the United States who never won a national title, was in the van today when the field of golfers, amateur and professional, teed off for the third round of the Long Island Open championship at Salisbury Plains.

Smith led the field by six strokes with 140 for his first two rounds. Little Gene Sarazen being second with 146.

### Frank Wycoff Off For Frisco Meet

LOS ANGELES, Aug. 7.—(UP)—Frank Wycoff, spirit flash of the Los Angeles Athletic club, will leave tonight for San Francisco to meet Russell Sweet, Olympic club ace, in a special 75-yard event Sunday. Claude Bracey, of Texas, is visiting here for the summer, and may take the trip north to take part in the race.

CALL MR. KAMM "BILL"

Willie Kamm, White Sox third sacker, has led the American league hot corner guardians in fielding the last five years. He ranked second his first year in the big show, 1923. Kamm says he'd rather be known as "Bill."

TIERNANS WIN FROM BARR IN FLASHY FINISH

With two runs to the bad and two away in the last half of the ninth inning, the Tiernan Typewriter team in the City Night League last night pulled the "ole game outa th' fire" to beat The Barr Lumber company aggregation, 5 to 4.

The game was one of the thrillers of the season and the defeat of the lumbermen was not entirely Tiernan's fault for the typewriter boys had a series of six errors chalked up against them and were never in front until M. Boyle allowed a grounder to roll through his legs in centerfield in the ninth and Urbine, Jordan and Pea romped home, taking the game with them.

Three hits and a sacrifice in the first inning gave the lumberjacks two runs and they repeated again in the fourth when two hits and three errors allowed them to send two more runners to hie home plate.

In the second, the Typewriters scored their first run on an error in centerfield followed by a wild pitch after Urbine had singles and their only other run before the fatal three in the ninth was made in the fifth when two hits, a sacrifice and a wild pitch donated a run.

The win eliminates the Lumber Company as a possible contender for the title and virtually assures the rag again going to Tiernans.

### Star Women Swimmers In Hawaii Meet

HONOLULU, Aug. 7.—Seven of nine national outdoor title winners and a long list of sectional titleholders are here for the annual four day women's A. A. U. outdoor swimming meet starting today.

With the first heats of the 100 meters free style, and springboard diving scheduled, fans looked forward to record-breaking performances from the galaxy of stars.

Martha Norellus, distance star, and Helen Meany, high diving champion, are missing from the competition on account of retirement from amateur ranks. International flavor was added to the meet by four Japanese girls selected after tryouts in Japan.

The 100 meter race offers much interest with Eleanor Garratt of San Rafael, Calif., present titleholder, pitted against Albina Oaipowic of Worcester, Mass., who defeated the California girl in the Olympic games. Adelaide Lambert, who took the place of Martha Norellus on the New York association's relay team, is also entered in the 100, and is a formidable opponent.

Ethel McGary of the New York team is considered the most likely contender in the 440 and 880 for places vacated by Miss Norellus, although Josephine McKim, Canal Zone, may press her in the 880. Miss McKim is the favorite to repeat her A. A. U. and world records in the mile.

There has been some speculation as to the possibility of a new 880 relay record being set up by the New York team of Lisa Lindstrom, Eleanor Holm, Ethel McGary and Adelaide Lambert.

The best offering from among the Japanese swimmers is Miss Hideo Maehata, who is reported to have bettered the 220 yard breast stroke record in practice. She is considered likely to press Agnes Geraghty, present titleholder.

### FAVOR MALCEWICZ TO DEFEAT LUTZE

LOS ANGELES, Aug. 7.—Joe Malcewicz, challenger for Gus Sonnenberg's wrestling crown, is a 10 to 7 favorite over Nick Lutze, whom he meets tonight in the first round of the Olympic auditorium elimination tournament.

Sonnenberg and "Strangler" Lewis are the only men who hold victories over Malcewicz. Lutze is out to avenge two defeats. In both bouts he was leading, according to mat experts, when he was injured by Malcewicz.

Fans will get plenty of rough-house work in the semi-final match which will bring together George Kostosanos and Dick Daviscount.

### HOLES-IN-ONE ARE SUDDENLY PROLIFIC

CATAGUA, N. Y., Aug. 7.—(UP)—Two holes in one during a single round were achieved yesterday by W. J. Birmingham of the Field club, Pittsburgh, who scored aces on the sixth and sixteenth holes here.

ST. LOUIS, Mo., Aug. 7.—(UP)—Lester Slatyer made a 145-yard hole in one here yesterday.

## ACORNS DEFEAT OLIVE EASILY AT LONG BEACH

The Long Beach Acorns continued their march to the pennant in the Orange County Night baseball league last night by walloping the Olive team 12 to 2 at the Long Beach diamond.

Heman, ace twirler for the Olive team had a bad case of wildness which he never overcame. He was replaced in the eighth inning after

having walked 10 men by Guenther who managed to retire the side. "Butch" Barrows, star pitcher for Long Beach got three walks, a triple and struck out in five trips to the plate and was out-starred by Ballard, centerfielder, who collected four safe bingles out of five times up.

The score:

## DARK HORSE IS LEADER OF ST. LOUIS TOURNEY

BY RALPH L. SANDERS

(United Press Staff Correspondent)

ST. LOUIS, Mo., Aug. 7.—More rain today promised another session of sloshing through mudholes and wet spray in smashing out of low places for the 143 remaining contestants in the National Public Links Golf tournament here.

Three players intentionally disqualified themselves yesterday irked over the ill-luck encountered in the first qualifying round.

Henry Fabrizio, Brooklyn, a "dark horse," lead the field over an extremely foggy course for a 70, two under his nearest competitor.

Connell Kersey, with a 72, and Wesley Casper and Gordon Denny with 73, all of Louisville, brought low team score for their aggregation. Potent contenders for the Warren G. Harding cup, awarded the four-man team making the lowest score in qualifying play.

The Louisville group turned in a 309. New York City and St. Louis were next with 311 and 314, respectively.

Disqualified were Herbert Bash, Columbus, who failed to hole a ball after five putts, and Andrew Cusick, Little Rock, and Arthur H. Lemke, Milwaukee, who arbitrarily tore up their cards.

Entrants from Los Angeles, San Francisco, Worcester, Mass., and Newark, N. J., failed to arrive for tee-off yesterday. Some of them are expected today.

A total of 158 probably will qualify for matched play which begins tomorrow.

## LOS ANGELES WILL FETE JACKIE FIELDS

LOS ANGELES, Aug. 7.—Arrangements to greet Jackie Fields, newly-crowned welterweight champion, on his arrival here next Monday were rapidly nearing completion today. A reception committee of sportsmen and film stars will be on hand as he steps from his train. A banquet at the Biltmore hotel will climax the program Monday night.

## Carey Blamed For Inability To Stage Show

(Continued from Page 6)

at the last moment, he hesitates, he falters. He doesn't know whether he wants to bet any more. Maybe he thinks that he has lost enough already.

I don't know that I blame him altogether. If he goes through and the Garden takes the rap for a long-term suspension, it will set up boys like Paddy Harmon in Chicago and Floyd Fitzsimmons in Detroit most magnificently and they are coming fast enough as it is. Furthermore, the Singer-Chocolate fight has been made for August 29 and, if Carey does anything drastic in the meantime, they might as well throw this \$150,000 proposition in the ash receiver with the rest of the dead ones. Carey, indeed, can't be blamed for hesitating but he can be blamed for getting himself in an impasse where, either his vanity or his pocketbook must suffer.

No, Garden boxing probably didn't need Rickard—when all was well. When all is well, nobody needs anybody. It is only in adversity that it becomes necessary for the strong man to haul off and show his union card.

## Call Off Carter Hess Bout In L. A.

LOS ANGELES, Aug. 7.—(UP)—Goldie Hess, young Ocean Park fighter, developed boils in his arm just before his all-important battle with "Wildcat" Carter last night and the fight card at the Olympic was called off by Commissioner James Woods.

Woods said he believed the interests of the public would be best served by cancellation of the bouts as there was no suitable opponent to place against the capable Negro from the northwest.

### BERRY IS COACH

Charley Berry, Red Sox catcher, coaches the Grove City (Pa.) college eleven in the fall. His aim is to beat Geneva and Allegheny. Charley was an All-American end when at Lafayette. He later played pro football at Pottsville with Wally French, one of Connie Mack's spare outfielders, as a teammate.

## MOTORMATES WILL TELL OLD ROMANCE

Another romance of early California will be dramatized by Jack and Ethyl, the Associated Motor Mates, when the "Roads to Romance" program is broadcast tonight between 7:30 and 8 o'clock through NBC system stations, including KFI.

This time, the story concerns Anita De la Guerra and Don Alfredo Robinson, whose descendants still are to be found in San Francisco and Santa Barbara. Senorita Anita became Alfredo's bride at the historical wedding. Consuming an entire week, the ceremonies were attended by all of the city's inhabitants who gathered at the great adobe home of her father, Don Jose De la Guerra, comandante of old Santa Barbara.

A bit of mystery concerning Don Alfredo's winning of the favored

## Blues Singer To Feature Program Tonight On KEJK

Deviating from the regular Wednesday night program from KEJK, Knoll and Lee will be on the air between 9:30 and 10, instead of Mark Cook and Ben Light.

Knoll and Lee are well known club and cafe entertainers in Los Angeles, San Francisco, Kansas City and St. Louis. Miss Lee is a blues singer and has been with several eastern musical comedies.

Knoll is a versatile pianist and composer and has been organizer and director of a number of cafe and vaudeville bands.

Knoll and Lee recently returned from a vaudeville tour, doing a versatile musical act.

senorita remains to be revealed during the half-hour program tonight. It revolves about the finding of a lady's fan.

## HIGH HATTERS ON VICTOR'S PROGRAM

A novel musical feature new to the air will be presented by the Victor half hour of modern dance music at 4:30 p. m., tomorrow, when the famous Victor recording orchestra, the High Hatters, will face the microphone from WEAF over a coast-to-coast network of the NBC, including KGO for the first time.

Although the High Hatters are familiar favorites with millions who have heard their distinctive arrangements of popular dance tunes, Thursday's Victor broadcast will be the first time the public has ever had an opportunity to hear this peppy organization "in person" over the radio. One of the best known dance orchestras of the day, the High Hatters are unique in that they have heretofore only played in the Victor studios for the recording of records. In fact the public demand for the orchestra's records is so great that it has never had time for outside engagements.

On the occasion of their air debut, the High Hatters will play nine of their newest recorded arrangements of current dance hits.

The department of Education, in Cleveland, O., is conducting experiments. On the effect of instruction of children by radio and, although no definite results have been announced, records show a favorable reaction to the tests, providing additional proof of the possibilities of radio in the educational field—Present means of making the tests is a wired connection from a room in which the mike is located to eight rooms in the same building—The lessons are carefully prepared and nothing is left to chance—Punctuality of the lesson and the clock-like regularity of the schedule have had a disciplinary effect in pleasing every child promptly in an attitude of readiness—There is no waiting for the sharpening of pencils or the finding of books, for the children sense that they are at the mercy of an instrument which recognizes neither leniency nor favoritism—

## WESTMINSTER

WESTMINSTER, Aug. 7.—Mr. and Mrs. O. J. Day and Mr. and Mrs. Clyde Day were guests Sunday at the reception and wedding dinner given for Ray Burns and bride following their marriage in Santa Ana that day.

Mr. and Mrs. Burns will be at home to their friends at the former Mansperger home which Mr. Burns purchased, following their return the last of this week from their wedding trip to San Diego. Mr. Burns will then resume his position in the O. J. Day store where Clyde Day is substituting for him during his absence.

Two fine bucks were brought home Saturday from the Santa Maria mountains by the hunting party composed of R. E. Larter and Orvil Day, of this place; Bob Hazard of Midway City; Bert Gothard of Huntington Beach, and Charles Schwank and Earl Piper of Santa Ana. The men enjoyed several days hunting.

To guard their lovely skin  
—both at home and in their studio dressing rooms—

LOIS MORAN, charming young Fox star, enjoying the luxury of the bathroom designed for her in the East and built in Hollywood.

She uses Lux Toilet Soap both in her bathroom and in her dressing room on location. The next time you see her in a close-up, notice how exquisitely smooth it keeps her skin.

She says: "Even the finest French soaps could not leave my skin more wonderfully smooth than Lux Toilet Soap does—it's perfectly delightful."

FAY WRAY, beautiful Paramount star, has exquisite skin. She says: "It is imperative for a star to give the utmost care to her skin. The cleverest make-up will not deceive the glaring test of the close-up. Lux Toilet Soap gives the skin a wonderful smoothness."

LOVELY skin—soft and smooth and clear! Without it, no girl is really charming, no matter how attractive her features.

"It's impossible to over-emphasize the lure of smooth, beautiful skin—it's the greatest of all, I think," says John Ford, Fox director—and voices the experience of 39 leading motion picture directors.

"I don't believe any girl has ever become a screen star without 'studio skin'—skin that is smooth and lovely without make-up," he continues. "All popular stars possess this charm."

Unless a screen star's skin appears flawless under the glare of the huge incandescent "sun-spot" lights, she cannot hope to capture the enthusiasm of the great movie audiences.

It is for this reason that 442 of the 451 important actresses in Hollywood, including all stars, use Lux Toilet Soap. It keeps their skin so exquisitely smooth! And all the great film studios have made this white, daintily fragrant soap the official soap in their dressing rooms.

The next time you see Lois Moran or Fay Wray or Irene Rich in a close-up, notice how smooth Lux Toilet Soap keeps her skin.

You will be charmed with this delightful soap, too. It is made just as the finest French soaps are, and lathers generously even in the very hardest water. Buy several cakes—this very day.

IRENE RICH is a star famous for her beauty. She is enthusiastic about the way Lux Toilet Soap keeps her skin at its very loveliest. She says: "It gives the skin as truly beautiful a smoothness as any of the best French soaps."

Asserted Bootlegger Is Arrested In Battle Of Wits

MAN JAILED ON GUN CHARGE AS NO RUM FOUND

Ruse and counter ruse were employed early today in the second of a series of early morning encounters between officers from the office of Sheriff Sam Jernigan and alleged bootleggers with the result that a man whom officers claim is a bootlegger and the partner of the man they arrested at 4:30 yesterday morning, near Placentia, while he was allegedly delivering liquor to customers, is behind the bars in the Orange county jail.

The latest prisoner in the battle of wits is A. R. Bailey, 37, who gave his occupation as carpenter when booked in the jail and his address as Bloomfield.

A trap carefully baited by Floyd Howard, chief criminal deputy, resulted in the arrest of Bailey at 5 o'clock this morning on South Birch street, when Bailey drove up and stopped near a house where Howard had ordered delivery of some liquor made early in time to catch an imaginative fishing party, supposed to leave at 5:30.

Cunning on the part of the victim, however, is thought by Howard to be responsible for the fact that no liquor was found on him or in the car he was driving. Officers had to be content with booking him on a charge of carrying concealed weapons.

Howard believes, he said, that Bailey, wary as a result of the arrest of his alleged partner, yesterday, had cached the liquor at some point before reaching the house of his customer so that it would not be found on his person in case he were picked up by officers before he made the delivery, and that he intended directing his customer to the spot after notifying him that it was ready.

The trap was laid in a telephone conversation, yesterday, when Howard, using the name of a Santa Ana resident, whose card was found on the person of C. A. Thomas, the man arrested early yesterday morning while allegedly delivering liquor to customers called Bailey, in Downey. He told Bailey, he said today, that Thomas had missed him yesterday. Bailey then told the supposed customer, Howard revealed, that Thomas was in jail. The "customer" then said he was going on a fishing trip, wanted some liquor and guessed he would have to get it elsewhere. Bailey then offered to fix him up the officer claims, and agreed to bring an agreed quantity to the South Birch street address at 5 o'clock this morning.

A party of officers, composed of Deputies Harry Carter, M. E. Jernigan and George Boyd, formed the reception committee that met Bailey when he stopped his car. Search failed to reveal any liquor, but a revolver was found in a pocket of the car. The man was partially intoxicated, according to officers, and charges at driving while under the influence of liquor may be pressed, Howard indicated.

SEES DANGER OF BOLSHEVISM IN OLD WORLD

Charles Hell, of Santa Ana, who has returned from a nine-month tour of Europe and the Orient, was relating interesting highlights of the journey to friends today.

Tourists from the United States are considered immensely wealthy by foreign natives, Hell declared, in explaining that lack of familiarity with the languages of the different countries does not cause traveling inconvenience, that "if you have money you can get along anywhere." He used 15 different kinds of money on the trip.

Peking, China, was considered by the Santa Anan as the most interesting city he visited because of its historical background. The people, the magnificent buildings the manner of their construction and the colorful atmosphere all lent to its individual appeal. He said, however, that temples and auditoriums are deserted because the seat of government has been moved and, unless something is done at once to preserve them they soon will fall into decay.

In mentioning the trouble brewing in the Orient, Hell said: "It is like a fire slowly burning

The many friends of Thelma Trickey, a senior pupil in the Claire Coutant School of Dancing, will be pleased to know that she now is appearing with Fanchon and Marco's special attraction, "The Garden Idea," in the Loew State theater, Los Angeles.

She was selected from many dancers for her advanced technique.

Little Miss Trickey will be absent for several weeks while touring the foremost cities of California.

Miss Coutant has personally placed with Fanchon and Marco the following pupils, all from Orange county:

its way toward a pile of clothing soaked in gasoline—soon due to explode and burst into a destructive flame. It is most regrettable that the natives cannot yet forget their ancestor worship, which, indirectly, is cause for much of the trouble."

**Unemployment Problem**

The unemployment problem seems to have penetrated the Orient. Hell told of 200,000 Jivriksha men with very little to do and he told how frequently old men were

WELCOME H. B. INTO SHRINE OF BREAKFASTERS

Bruce Switzer, director of the Santa Ana Breakfast club and organizer and president of the first breakfast club in Orange county, addressed the Huntington Beach club at a meeting held in the new Bear cafe, in that city, this morning. Switzer was one of a party of Santa Ana men who attended the meeting and in extending greetings to the beach club, he said:

"Welcome to this great shrine of fellowship—the shrine that is founded upon that precious thing called Friendship. That thing, if you please, is unpurchasable by gold.

"How fortunate that person who has the faculty of making lasting friends. The Breakfast club idea was originated for the very purpose of getting together men, at breakfast, to enjoy an hour with one another, spreading good cheer and philosophy.

"So, Huntington Beach, you are indeed fortunate in having men with vision, men who place fellowship and friendship above those who have, as their sole aim, commercialism. The breakfast hour can be made the most pleasant of any if that splendid spirit of fellowship prevails.

"Leave business out of your club. Indorse no promotion schemes, sell no circus tickets and your Breakfast club will thrive and grow into a real organization of men with fellowship as the foundation. Santa Ana greets you and wishes for your club the best of success."

Miss Evelyn Erickson, of Santa Ana, who has won popularity throughout Orange county as a dramatic reader, gave several selections at the breakfast this morning.

Eugene Kahen also of Santa Ana and representing the Los Angeles Breakfast club, invited the Huntington Beach club to become affiliated with the Los Angeles organization.

A musical feature of pleasure during the morning's program was furnished by the Yellow Packets' orchestra of this city, composed of five Santa Ana young women. Guy Gilbert presided during the program given by the Santa Ana club.

On invitation from the Fullerton Breakfast club, members of the Santa Ana and Huntington Beach clubs signified their intentions of meeting with the Fullerton group Friday morning in honor of the state firemen.

Those who attended from Santa Ana today were Guy Gilbert, Bruce Switzer, Ernest Winbiger, Charles Marbie, Earl Morrow, Claude McDowell, Eugene Kahen, Henry Tuffree, Sam Jernigan, Jess Elliott, M. C. Maloney and Rufus Cartwright.

THE TRUTH ABOUT CANDY

To Be Moderate Is Not to Gorge or to Undereat

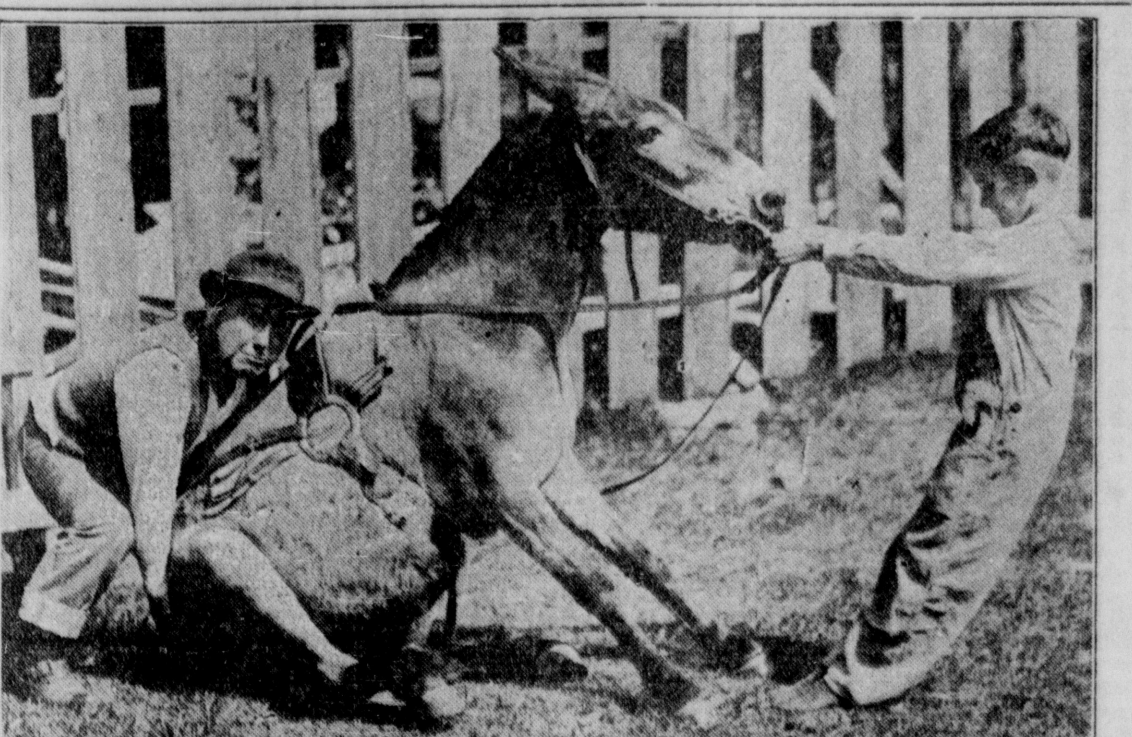

A noted food authority states that attacks on candy lack a background of scientific insight. He reminds us that in addition to sugar, the best candies and confections of the present day contain also many other foods. He enumerates nuts, milk, cream, butter, gelatine, chocolate, and fruits, as being used along with sugar in delicious, modern candies, and he says that good candy as a dessert may become a wholesome part of a meal. Who, he asks, would deprive the world of one of its most delicious desserts?

Science and common sense are restoring sanity to the nation today. Don't gorge. Don't undereat. Prepare a great variety of all healthful foods. Flavor these so that they will be delightful to the taste. Those are some of the present-day precepts that will guide us to a better diet.

If a dash of sugar will encourage your family to eat cereals, fresh, canned and stewed fruits, and milk in the form of milk drinks and milk desserts, then—in the name of health—use a dash of sugar. Try a dash of sugar when cooking vegetables in a small amount of water, and you will be surprised at how much fresher, more colorful and more delicious the vegetables are. A little sugar sprinkled here and there throughout the meal will encourage children and adults to eat the varied diet that is so necessary to health. Most foods are more delicious and nourishing with sugar. Good food promotes good health. The Sugar Institute.—Adv.

COUNCIL LETS CURB CONTRACT IN FULLERTON

FULLERTON, Aug. 7.—Bids for the placing of curbs on North Harvard avenue over the hill were opened last night at the meeting of the city council and Paul Grundeman was awarded the contract at \$1590.70. The next lowest bidder was at \$2045.90.

The report of R. H. Cates of the Southern California Edison company regarding the city pumping plant was accepted. A plan is underway, it was stated, whereby

with the use of a municipal pumping schedule, the city of Fullerton will save \$100 per month. The main trouble with the present pumps at the city plant is that in some seasons of the year the water is too low in the reservoir while in other seasons it is too high.

A proposition was presented to the council by the Western Enterprise Engine company for the installation of a gas engine to supply power for the ornamental lights and pumping. The cost of installation of such a plant would be approximately \$8000 per year and would be a saving to the city in five years of \$51,270. It was declared. The report was filed and will be taken up at the next meeting of the board of trustees.

A report was heard from the R. D. Crenshaw company, which made an audit examination of city funds for the past several years and the report stated that the funds were

in good shape and commended the city council in building up the city funds. The same company was employed to make a quarterly report during the coming year at a cost of \$400.

A petition presented to the city council some time ago by residents of Fuller Park asking the city to fix a day for election when residents of Fuller Park may vote on the proposed annexation was discussed and plans will be made for the election in the near future, it was decided.

Residents of Stern's tract and other subdivisions on the hill were present and stated that enough water could not be obtained at residences on these tracts. One resident declared that when another party was irrigating his avocado trees, he was unable to obtain water sufficient to irrigate his lawn and flowers. The matter was referred to the water superintendent.

SANTA ANA IS BACKGROUND OF AUTHOR'S TALK

Lanier Bartlett and his wife, Virginia Stivers Bartlett, son and daughter-in-law of Mrs. W. S. Bartlett, of Los Angeles, founder of the Santa Ana Ebelle society, and co-authors of the popular book, "Adios!" which is said to be the first great novel of the "fighting fifties," were special attractions on the luncheon program of the Santa Ana Rotary club, yesterday, at St. Ann's Inn. Rotary Annes were honored guests at the meeting.

Robert Brown, who was presented the gavel as program chairman by the presiding officer, Ralph Smedley, requested Terry Stephenson to introduce Mr. and Mrs. Bartlett. In doing so, Stephenson told of Lanier Bartlett's youth, on a ranch near Tustin.

Bartlett's father, according to Stephenson, was the organizer of a bank in Santa Ana, one bank in Orange and one in Tustin, and the Orange County Abstract company. Mrs. W. S. Bartlett is remembered as a prominent leader in social, educational and civic affairs of women. She not only organized the Santa Ana Ebelle society, but also the Ebelle society in Los Angeles.

**Got Inspiration Here**

In responding to the introduction, Lanier Bartlett expressed his pleasure at being a guest of Rotary and Santa Ana. "It was here," he said, "that the first inspiration to write came to me. This vicinity savors of old Spanish atmosphere and history and I was seized with the desire to learn about it and tell the story."

Virginia Stivers Bartlett completely won guests at the luncheon with her charming personality. She told the story of "Santa Ana," how Don Gasparde Pontola, Father Crespi and a party of soldiers were encamped on the river near the far entrance to the valley on Aug. 2, 1763. Three earthquakes startled the

## Miss Mabel Robertson Entertains Friends At Bridge Party

Miss Mabel Robertson, attractive daughter of Mrs. Mary Robertson of 1317 North Main street, was hostess last night to a group of friends who gathered at her home for a merry evening of bridge.

The clever talkies which were distributed by Miss Robertson were in gay summer colors expressed in the profusion of lovely flowers about the home. When scores were finally added, Miss Eleanor Rairdon was found to be high with Miss Margaret Glenn second and Miss Florence Bagley low. Each received an appropriate gift.

Tables were prepared for the supper hour by the young hostess who was assisted by her mother, Mrs. Robertson, and her sister, Miss Grace Robertson.

Her guests were Miss Florence Bagley, Miss Virginia Bailey, Miss Marian Bruner, Miss Mary Bruner, Miss Eleanor Crookshank, Miss Margaret Glenn, Miss Grace Pritchard, Miss Barbara Goodrich, Miss Jean Nicholson, Miss Helen Richardson, Miss Eleanor Rairdon, Miss Loretta Spangler, Miss Helen Spangler, Miss Elizabeth Mateer and Miss Marla Keeler.

## CHOICE OF ACCESSORIES TRUE TEST OF SMARTNESS

By HENRI BENDEL  
For NEA Service

NEW YORK, Aug. 7.—In an era when feminine styles call for more dressy accessories, the choice of extras to go with a given costume is a true test of a woman's chic.

Restraint is needed this summer, in choosing accessories. One should aim at a minimum of accessories rather than a maximum. The smartness of sports things depends largely upon accessories this summer for the summer outfit is built around the sleeveless white frock, mainly. Given the right kind of little quilted jacket, a smart hat banded in color like the sandals and a bag that ties up the whole and the summer girl is a pleasing picture.

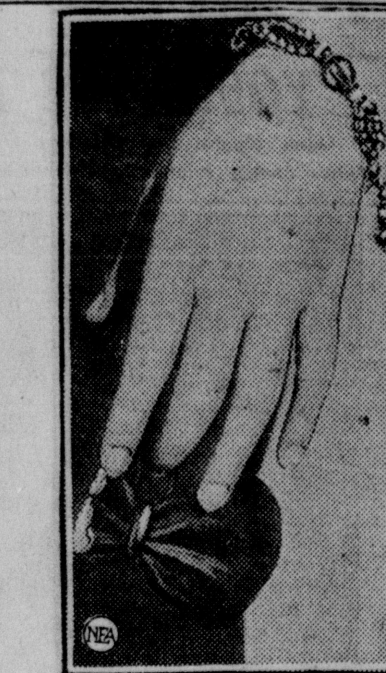

New Types of Jackets  
In choosing jackets, the one

with a feminine little collar, with a novel tie-belt or with some other soft touch is better than the straight, mannish cardigan. A new type of jacket is the slip-on cardigan, which opens like a man's shirt half-way down from the collar. Sometimes it is sleeveless.

Scarves and kerchiefs have an enviable place in woman's heart. New little jersey turbans and scarves in brilliant tones are excellent for monotone suits. Men's cotton or linen handkerchief, colorfully plaided and with hems rolled, are the newest sports kerchiefs. They may band a hat, girdle the hips or tie about the neck.

Many New Necklaces  
Costume jewelry uses wooden beads and some new necklaces are made of blown cotton, in bright

colors. Carved crystal is evening's loveliest contribution, especially in smoky pastel shades. Belt buckles and bracelets come matching necklaces. Corals are having quite a vogue now, with bracelets, necklaces and evening bags featuring them.

One of the new necklaces of crystal is made of carved smoky green beads, with plain beads between. It has a matching bracelet and is lovely with white, green or one of the new blues or pinks.

A novel bracelet uses cabochon crystals in conjunction with rubies and emeralds to form a dainty, colorful wrist ornament, with the little ends jangling like tassels. Illustrative of the tendency towards smaller accessories is a little black suede coin purse from Paris which is lined with white kid and fastened with a gold ring

like a wedding ring. The vogue for leafy designs is emphasized by an import from Chanel, a wool jersey scarf that fashioned like a leaf, with the center vein and little veins running out from it in the form of colorful stripes. The hat is all-over fine jersey in beige and brown with a fleck of green to match the scarf.

Fans for evening are increasingly popular. Feather fans are still good but the newest fans are of chiffon or tulle, in many layers, often with ornamental sticks. One that I have in mind is of shell pink, with the sticks carved bone in the pink tone and tulle cut in irregular lengths to resemble lovely petals. It is a stunning accessory for a broad pink crepe Elizabeth gown. Pink pearls complete the picture.

## Fifth Birthday Marked By Merry Party This Week

The fifth birthday anniversary of little Lucille Plavan, daughter of Mr. and Mrs. Clyde A. Plavan of Huntington Beach, was a gala occasion, for Mrs. Plavan entertained for her with a pretty party given at the Plavan home.

The group of children enjoyed several merry games for which prizes were awarded. They included a peanut hunt that was won by Gwendolyn Swint, a fishing contest won by Shirley Plavan, and a blind fold contest the prize for which was awarded Donald Marsile. Betty Pope proved herself the cleverest at molding a small animal from clay and she was also presented with an attractive gift.

At the refreshment hour the children were seated at a long table within the house where decorations were in the same tints of pink found in the great bouquets of marguerites about the home. At either end of the table was an adorable French doll and leading from her full skirts to each place were tiny ribbons which, when drawn, brought forth caps for each guest.

The delicious menu that included ice cream and birthday cake was served by Mrs. Plavan and her assistants, her mother, Mrs. George D. Campbell, her sister, Mrs. Roy E. Vincent and Mrs. John Johnson of Los Angeles. The last three named were presented with dainty corsages and party handkerchiefs by Mrs. Plavan.

Those who enjoyed the affair included Mrs. Plavan, Mrs. Campbell, Mrs. Vincent, Mrs. Johnson, Mrs. Clyde Deardoff, Mrs. Leland Plavan, Mrs. Raymond Marsile, Mrs. Paul Plavan, Mrs. Harold Swindt, Marylin Plavan, Glenna Jean Deardoff, Gwendolyn Swindt, Milton Swindt, Raymond Marsile, Ronald Marsile, Phyllis Plavan, Shirley Plavan, Betty

## Couple Is Married at Little Church of the Flowers

In the presence of a few close friends and relatives Miss Lina Dunn, pretty daughter of Mr. and Mrs. Ernest Dunn of 825 East Third street, and Melvin Rosenbaum, son of Mr. and Mrs. Oscar Rosenbaum of San Juan Capistrano, were married last night at the Little Church of the Flowers, Glendale.

Only decorations in the church were the quantities of lovely blossoms that bloom there through the summer months. The impressive marriage ceremony of the Episcopal church was used.

The bride was gowned in pink georgette crepe made with a long full skirt with a graceful cape of the same material with which she wore a becoming lace hat with other accessories in harmonizing colors. Her flowers were a lovely sheaf of pink rose buds.

Miss Lina Rosenbaum, sister of the groom, who was Miss Dunn's only attendant, was in orchid georgette with harmonizing accessories and she carried a bouquet of orchid sweet peas and maiden hair fern. William Rosenbaum served his brother as best man.

The only music during the service was the Lohengrin wedding march that was played as the bridal party entered the church. Following a two weeks' honeymoon in Yosemite and San Francisco, Mr. and Mrs. Rosenbaum will return to this city and will establish their home in Tustin.

Miss Dunn has lived in Santa Ana for a number of years and she is a graduate of the Santa Ana high school. For some time she has been employed at the Business Men's association and she plans to continue her work there.

Her husband is a member of one of Orange county's pioneer families as the Rosenbaums have made their home at San Juan Capistrano for years. Since his graduation from the University of California at Los Angeles he has made his home here where he has been employed by Dewey Callahan, contractor.

Pope, Freddie Pope, Joan Plavan, Flo Flo Plavan, Bobbie Vincent and Lucille Plavan.

## Two Visitors Honored At Delightful Luncheon

Delightful in every detail was the luncheon given one day this week by Mrs. W. H. Harrison and Mrs. F. E. Coulter at Mrs. Harrison's home at 1406 Bush street in honor of Mrs. Otto S. Russell of Los Angeles and Mrs. L. E. Martin of Bakersfield.

Mrs. Russell, with the Rev. Mr. Russell, has been spending the summer in Santa Ana and they are planning to leave soon for their home in Los Angeles. Mrs. Martin has been spending this month here with her brother-in-law and sister, Mr. and Mrs. J. P. Greene and she is to leave Saturday for her home.

Luncheon tables in the Harrison home were centered with graceful bouquets of premier rose buds and other appointments were carried out in several tones of pink. Arranged in artistic fashion about the house were colorful bouquets of summer flowers that had been sent Mrs. Harrison and Mrs. Coulter for the occasion by Mrs. Mac Robbins, Mrs. Roy Hall and Mrs. Warren Brakeman.

Assisting in various hostess duties during the afternoon and in serving the delicious luncheon were Miss Lulu Minter, Mrs. O. M. Robbins and Mrs. Warren Brakeman.

Preceding the afternoon's amusing games Mrs. Russell very graciously consented to play several piano selections for the group. She is a brilliant musician and she chose for her numbers "Liebestraum" by Liszt, a Chopin waltz, "Opus 64, No. 2," "Country Gardens" by Percy Grainger, "Juba Dance" by Nathaniel Zett, and "The Flatterer" by Chaminade.

Following the entertaining games attractive prizes were awarded Mrs. O. M. Robbins, Mrs. Roy Hall and Mrs. Otto S. Russell who proved themselves the most skillful in the various contests.

Guests included Mrs. William Porter of Long Beach, formerly of Denver, Colo., who is Mrs. Harrison's aunt, Mrs. Otto S. Russell of Los Angeles, Mrs. L. E. Martin of Bakersfield, Mrs. J. P. Greene, Mrs. O. M. Robbins, Mrs. Mac Robbins, Mrs. Eugenia Rutherford, Mrs. Harriet Earle, Mrs. L. C. Fairbanks, Mrs. Roy Hall, Mrs. F. E. Coulter, Mrs. F. E. Moore, Mrs. H. H. Reeves, Miss Gertrude Minor, Mrs. Felix Aubuchon, Miss Lulu Minter and Mrs. Warren Brakeman.

## Nearly 500 Elks Enjoy Annual Picnic at Irvine Park

Three hundred and fifty Elks and their families gathered at Irvine park last night for the delectable picnic supper that was served under the direction of their chef, Duffy, and 100 more joined them after dinner for the merry dance that was held at the pavilion.

Music for the dance was presented by Llewellyn's orchestra and the dance program included special numbers for which prizes were given. Those who were awarded the handsome gifts provided for the occasion included Mrs. R. W. Cole, Mrs. Henry Hodges, Mrs. Glenn Stockbridge, Mrs. William St. Clair and Mrs. O. K. Forgy.

Adding to the evening's enjoyment was the presentation of a short dance program by two little girls, Dixie Chapman of Costa Mesa, and Eva Stovall of this city. Their selections included clog dances and costume numbers.

The affair was the annual picnic of the Santa Ana lodge and was arranged by a committee headed by Elmer Schaniel. He was assisted in his plans by Arnold Peek, Fred Newcomb, W. R. Gordon and E. R. Majors.

mobile trip through northern California, Oregon, Washington, Idaho, Utah and Arizona.

Mrs. N. E. Wells and Miss Verna Wells, 924 Halladay street, have returned from an extended automobile tour of the northern states and British Columbia. They visited Victoria and Vancouver, especially enjoying the beautiful Malahat Drive from Nanaimo. Returning to this country, they visited Crater lake, Mount Ranier, and returned to the Southland over the Roosevelt and Redway highway.

Mr. and Mrs. J. C. Metzgar have had as their house-guest, Mrs. Madison Everman of Pasadena, who will be remembered by a host of Santa Ana friends, as the former Mrs. Blanche Scott of Orange Grove avenue, Pasadena.

## Attractive Bride Is Complimented at Bridge Party

The friendship of Mrs. Melvin Rosenbaum, former Miss Lina Dunn, and the Misses Cynthia and Katherine Kirven was incentive for the attractive bridge party given Monday night by Mrs. W. C. Kirven as the last of the pre-nuptial affairs held for Mrs. Rosenbaum whose marriage took place last night.

The Misses Kirven are spending the summer in Texas and were unable to be home for the wedding or for the many delightful affairs given for the pretty bride preceding her marriage.

A profusion of pink amaryllis and dahlias made an attractive background for the party and formed the motif for the pretty appointments used at the supper hour when tall pink candles in crystal holders centered each table.

The prizes for bridge were awarded the honored guest who was high and her mother, Mrs. Ernest Dunn, who scored second.

Those present included the hostess who was assisted during the evening by Miss Blanche Yokum, the honored guest, Mrs. Ernest Dunn, Mrs. Harold Furtch, Mrs. E. C. Robbins, Mrs. Rena Tezak, Mrs. Lucy Doty, Mrs. Ethel Scott, Mrs. Edna Rosenbaum, Mrs. Myrtel Anderson, Mrs. Anne Leimer, Miss Marian Smith, Miss Stella Graham, Miss Eunice McGowan, Miss Veda Mitchell, Miss Blanche Yokum, Miss Dorothy Lutz and Miss Netta Roffman.

## Dear Aimee:

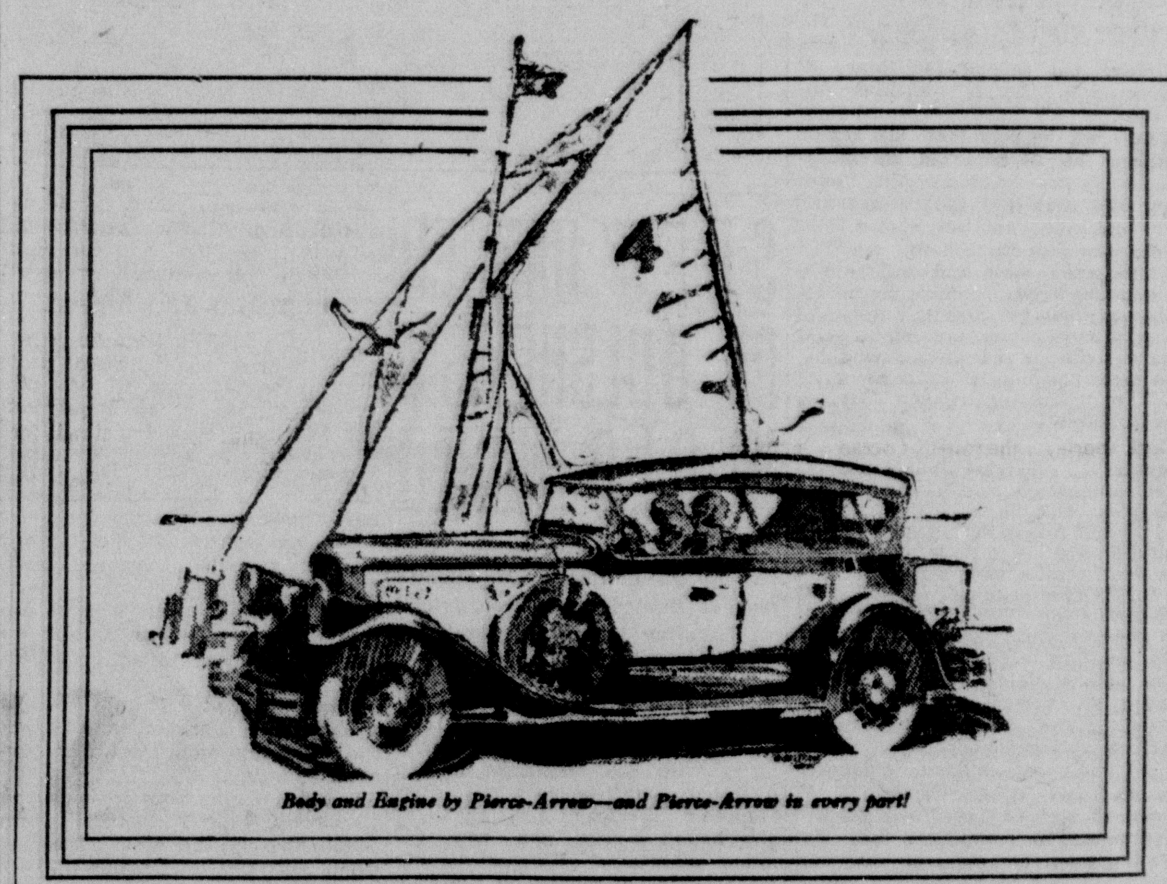

Whatever you've heard about the effects of the gland treatment, if you know what I mean, positively isn't in it by the side of the renewal treatment that the Preston Radio Co. gives to all models of Atwater Kent Radio.

It's horribly mystifying, but I mean that they do all kinds of things to your Atwater Kent and no matter how senile it is, it comes back to you looking and sounding like the Spirit of Youth.

And Preston's charge for doing this is such small change that I won't insult them by mentioning it. Really, my dear, it would pay you to modernize your Atwater Kent—take it to 300 North Broadway—that's a good girl.

## A willingness to wait

America's Tribute to the New  
Pierce-Arrow Straight Eight

SINCE the hour when the first new Straight Eight was presented by Pierce-Arrow, there has never been a time when demand wasn't crowding production. For weeks and months it seemed impossible for certain models to catch up with orders.

The tribute that is inherent in any waiting-list has a special significance where Pierce-Arrow's latest creation is concerned. It marks a new mode in motoring—a sharp departure from all that is bulky and stodgy in fine automobiles.

The new Straight Eight is a long, slender, low-slung automobile which is today unapproached in power, in performance, or in luxury of appointment. Besides, it is Pierce-Arrow at its very finest—which perhaps explains why America has been willing to wait for it.

## The WOMAN'S DAY

By ALLENE SUMNER

Because women are over-cultured, they are too critical when it comes to finding a husband, and as a result the best educated women are single.

So declared the Rev. Daniel A. Lord, chairman of the Catholic Women's Sodality, at its recent convention.

The program of the unmarried educated woman is not a new one. But this is a rather new guess as to why she is so. Moreover, it is a guess which soothes the lady's pride a bit more than the general diagnosis that over-educated women are not attractive to men.

### CAN'T GET 'EM!

It has become almost an axiomatic belief that the more a woman knows the less S. A. has she. Which is merely another way of saying that man only recognizes S. A. in what he is pleased to call his female inferiors; that the minute they become his betters, he fears them.

Even though this latter theory is a bit harsher than the Rev. Lord's, I fear it is a bit more

correct. I have seen too many of these two-well-educated women, supposed to be too critical of men, fall for such fearful nincompoops, at the slightest chance, to have any other opinion.

Women of all sorts, educated and uneducated, need marriage too badly, even in this age, to be able to afford to be critical.

Though it's a pretty compliment at that!

### BEAUTY PERILS

All is not gold that glitters, and it is possible to kill the goose that lays the golden eggs.

So has discovered Dr. Henry J. Schrieson, plastic surgeon of Chicago, who has made plain women beautiful and beautiful women more beautiful for some years, all by the simple little process of shortening and lengthening noses, lifting faces, snipping here and there and stuffing there.

Now he must pay \$40,000 to a Miss Sadie Holland, who claimed that the doctor told her what beautiful nice straight legs 1.3 could make for her, who did his stuff, with the result that the girl had to have both legs amputated when gangrene set in.

Just one more little example of what women will do for beauty. It's all very well for the scoffer to say that any girl who would be so foolish as to endure pain and danger for the sake of a straighter leg only invites the disaster she gets. The scoffer has not learned what it means to live in a world without beauty—what it is for women, that is.

### LICKS 'EM UP

Here's Caroline Bierhals, 18, attempting to get atop the world by such an outstanding feat as being world champion ice cream cone eater.

Miss Caroline of New Kensington, Pa., stowed away 100 cones in an hour and forty-five minutes. She is now receiving offer for open pay-as-you-enter-competition bouts.

But she will probably learn that being a champion cone eater means nothing at all compared to having the champion leg or foot or hair or eyes or shape of mouth.

### TALBERT

TALBERT, Aug. 7.—Sunday school and church services are to be discontinued through the remainder of the month of August at the Talbert Methodist church, south, the pastor, Rev. L. S. Jones, to be on vacation during that time. At the Rev. Mr. Jones' other charge at Greenville the church services will be discontinued for the next two weeks but the Sunday school will continue to be held.

A local party composed of Mr. and Mrs. Fred Penrod and children, Paul, Louise and Juanita Penrod, Mr. and Mrs. S. E. Talbot, Mrs. M. L. Thurman, Mrs. Ben Rogers, Misses Dorothy, Rose and Violet Rogers motored Sunday to Glenn Ivy hot springs and from there to Elsinore.

Miss Kathleen Helm, who has been attending summer school in Los Angeles since the close of the local school, where she taught last term, spent the week end with her mother and sisters in Talbert.

## COULD NOT SLEEP NIGHTS

Helped by Lydia E. Pinkham's Vegetable Compound

Fairhaven, Mass.—"I am taking Lydia E. Pinkham's Vegetable Compound during the Change of Life. When I feel nervous and run-down my husband gets me a bottle right away. It is a great help to me and I think that if other people would only take it when they feel all run-down and take it as the directions say, they would find it a great benefit. My worst symptoms were nervousness and tired feelings. I could not sleep nights and I was so nervous I would cry if anyone looked at me."—MRS. ADA BESSE, 196 Washington Street, Fairhaven, Mass.

## The MIXING BOWL

by ANN MEREDITH

New Salad Idea For a Warm Day

Housekeepers who like their job are always looking for new salad ideas—new ways to serve vegetables and fruits in season—and for new garnishes. I feel sure such women will like Cucumber Cups garnished with Cheese Carrots. To make them—

Select rather large cucumbers peel them and with a fork score the cucumber lengthwise for ornamental purposes. Cut the cucumbers in 3-inch lengths, scoop out the seeds and part of the wall if too thick. Keep the cups in the ice water until ready to use.

The filling may be of diced fresh vegetables, marinated in French dressing, or grated pineapple and nuts mixed with a little mayonnaise. Other fresh fruits can be diced and used also. Extra mayonnaise should be offered to use around the cucumber cup.

The Cheese Carrots are made by taking a cake of pimiento cheese and mashing it with just enough cream to make it pliable. Take a bit of the cheese, roll into carrot shape in the hands and finish with a sprig of fresh parsley stuck in one end to stimulate green tops. Serve as many as you wish with each cucumber cup.

### TODAY'S RECIPE

Frozen Bavarian Cream  
1 box fresh berries  
or mashed fresh peaches  
3-4 cup fine sugar  
1 package lemon jello  
1 cup boiling water  
1 cup whipping cream

Some localities are lucky enough to have a late type of strawberries—use them if possible for the Bavarian cream, they combine better than other types of berries because they have so few seeds.

Dissolve the jello in the cup of boiling water—which is doubling the recipe for ordinary jello, in case you are in doubt as to the correctness of the recipe.

Mash the fruit very fine, mix with the sugar and let stand while the jello is cooling. Add the fruit and when the mixture begins to thicken beat with the egg whip till foamy.

Have the cream whipped stiff, mix well with the whipped fruit jello, put in the icing tray in the refrigerator, stir a few times the first hour and then let stand for four hours. Packed in a sealed mold and buried in crushed ice

and rock salt it freezes equally well, remember.

To serve it, place a portion over a thin slice of sponge or angel food cake, or serve it with sliced fresh fruit of some kind.

Six people may be served with Bavarian Cream. The calorie total is 1575 served on a slice of cake. The individual total is 260. Energy foods make up a large part of the whole.

Many interesting facts will be found in this week's leaflet, FAVORITE CHINESE DISHES, and recipes as well. Send a stamped self-addressed envelope for the free copy we offer this week.

Tomorrow's recipe will tell you how to make Pineapple Dressing for Fruit Salads.

ANN MEREDITH.

## LOY IS VAMPIRE IN 'THE BLACK WATCH'

Myrna Loy, who plays the feminine lead in "The Black Watch," super Fox all-talking picture, now playing at the Fox Broadway theater, proves beyond a doubt that she is one of the screens most colorful vampires.

In the role of a goddess to her thousands of Indian natives, her acting stands out in the picture above all else while her teamwork with Victor McLaglen, who has the male lead, goes to make the picture one of the best talkies seen here in some time.

The scenes of the play are laid in India, chiefly, while the picture opens in England at the time the "Black Watch," Scotland's famous regiment of soldiers is making ready to embark for France in 1914.

The picture was produced by John Ford, and is said to be his greatest all-talking production. It runs today and tomorrow only.

## CROWDS ACCLAIM 'SHOW BOAT' FILM

"Showboat," Universal's great million-dollar musical comedy production, yesterday continued to attract hundreds and with its closing at the Fox-Walker theater tomorrow will have completed one of the best four-day runs in the history of the theater.

A love story that is acclaimed as theyear's greatest, music as only the negroes of the south can sing it and direction as only Carl Laemmle can direct, go to make "Showboat" the instant success it has been throughout the country where it has been shown.

The river scenes on the old Mississippi a generation ago, Chicago as it was before the fire, and a splendid cast headed by Laura La Plante and Joseph Schildkraut make "Showboat" all it should be in the way of entertainment.

Mr. and Mrs. Kapack, of Los Angeles, were guests of W. H. Griswold Saturday afternoon.

The dance given by W. H. Griswold at the garage Saturday night was attended by a large crowd of local people. Friends from Los Angeles, Santa Ana, Dana Point, San Clemente and Capistrano Beach were there. Music was furnished by the Spanish orchestra. The occasion was the opening of the new annex to the garage.

Raoul Cyr, editor of the Missionite, went to Catalina Island Sunday afternoon, returning Monday. Miss Gladys Vonsik, of Los Angeles, who has been visiting Miss Elizabeth Joyce, has returned to her home.

Miss Gladys Landel, daughter of Judge Landel, has as her guest Miss Alice Denton, of San Diego. Mrs. Georgia Sepulveda returned last week from a vacation at Avalon.

Warren Ullon, who has been seriously ill at the San Clemente hospital, has returned home much improved.

# THE TINYMITES

STORY BY MAI COCHRAN—PICTURES BY KNICK

Wee Clowny seemed real satisfied to have the small girl by his side. She was the little fat girl that the circus boasted 'bout. Said Clowny, "I have heard of you, and of the clever things you do. You are a big attraction with the circus, there's no doubt."

"Oh, you are kind," the girl replied. "This true that I have always tried to please the little kids who come to see our show." And then she added, "I believe it's nearing time for us to leave for some new town to show our acts. I wonder where we'll go."

The other Tiniies then came near and Clowny shouted, "Look who's here." And then he introduced his friend to all the Tiniies. The girl said, "I am glad to meet you all. This sure is quite a treat. We'll all have fun while traveling and seeing brand new sights."

The bunch then heard the engine scream as it was working up good steam. The Tiniies bid the

girl goodbye and rushed into their car. The engine started to move and send up puffy clouds of smoke. The train then started off and each one hoped they'd travel far.

"Way up a hill they traveled fast until they reached the top at last. 'Oh look!' exclaimed one Tiniy. 'The other another hill ahead. I guess we'll climb and climb and climb and all have quite a dandy time. But as they reached the second hill their car slipped back instead."

"There's something wrong," scared Clowny cried. "Instead of going up, we slide." And, sure enough, their little car was heading down the hill. To stop it seemed of no good use, 'cause from the train they'd broken loose. The Tiniies never thought that they would get this sort of thrill.

(Scouty comes to the rescue in the next story.)

## A TRADE YOU'LL LIKE

It won't be hard for you to part with your city property on this 10-acre Valencia grove. It's a lot of changes—especially in a woman's dress—in the old days you couldn't tell what kind of stockings they wore unless you passed the house on wash day—now they're 95% of her wardrobe.
